

AUGUST

16 - 17 August 2017

GLOBAL WATER CONFERENCE 2017: TOWARDS SUSTAINABLE WATER SECURITY IN SOUTHEAST ASIA: Directions, Strategies, Solutions

SULE SHANGRI-LA, YANGON, MYANMAR

This 2nd Global Water Conference 2017, held in conjunction with the Myanmar Sustainable Energy and Water Resources Management Week, aims to provide a platform to discuss strategies and solutions for the water and sanitation sectors in the Southeast Asia with specific focus on Myanmar.

For further details visit the conference website:

(<http://www.globalwaterconference.com/>)

email: Jason.Choong@confexhub.com

20 - 25 August 2017

INTECOL 2017 BEIJING: 12TH INTERNATIONAL CONGRESS OF ECOLOGY: Ecology and Civilization in a Changing World

BEIJING, CHINA

This congress is organised by the International Association for Ecology (INTECOL) and hosted by the Ecological Society of China. It will focus on harmonious and sustainable development among people, nature, and society in the context of global development. Topics include ecosystem service valuation and sustainable development, culture conservation and human well-being, global change, environmental change in urbanization, ecosystem restoration and management, biodiversity conservation and ecosystem health, ecological civilization, molecular ecology and ecological genomics.

For further details visit the congress website:

(<http://www.intecol2017.org/en/index.asp>)

email: Ms. Zhang Dan Intecol2017@rcees.ac.cn

21 - 25 August 2017

WETPOL 2017: 7TH International Symposium for Wetland Pollutant Dynamics and Control

BIG SKY RESORT, MONTANA, USA

This global conference will bring together scientists, engineers and practitioners working on the use of wetlands for water quality improvement. A program focused on domestic wastewater treatment wetlands, urban stormwater wetlands and bio-swales, riparian wetland restoration, wetlands in agricultural settings and wetland biogeochemistry is planned. The conference will include one day of field trips to explore examples of constructed, restored and unique natural wetlands and riparian areas in the region.

For further details visit the WETPOL website:

(<http://wetpol.org/>) **email:** info@wetpol.org

23 August 2017

WILD ABOUT WATER

SPICEBALL PARK, BANBURY, OXFORDSHIRE

This Berks, Bucks & Oxon Wildlife Trust event is held as part of the Wild Banbury Project. Enjoy a range of watery activities including an electrofishing demonstration on the River Cherwell, make your own river, and water-saving tips from Thames Water.

For further details visit the BBOWT website:

(<http://www.bbowl.org.uk/events/2017/08/23/wild-about-water?instance=0>) **email:** judithhartley@bbowl.org.uk

24 - 25 August 2017

5TH ANNUAL CONGRESS ON CLIMATE CHANGE: Innovative Research Supporting Effective Responses to Climate Change

BIRMINGHAM

The main theme of this Allied Academies conference is 'Innovative research supporting effective responses to climate change'. This conference provides an opportunity to discuss on recent approaches and advancements for development of new techniques in climate change.

For further details visit the conference website:

(<http://climatechange.alliedacademies.com/>)

email: climatecongress@alliedconferences.org

25 - 27 August 2017

2017 INTERNATIONAL CONFERENCE ON CLEAN WATER, AIR & SOIL

BANGKOK, THAILAND

CleanWAS has been organised every year since 2012 under The International Water, Air and Soil Conservation Society (INWASCON). It offers interdisciplinary themes of quality R&D topical developments from potential contributors and experts and provides an opportunity to bring in the new techniques and horizons that will contribute to clean environment.

Further information is available on the conference

website: (<http://www.cleanwas.org/>)

email: info@cleanwas.org

27 August - 1 September 2017

WORLD WATER WEEK 2017

STOCKHOLM, SWEDEN

World Water Week is organised by the Stockholm International Water Institute (SIWI) and has been an annual focal point for the globe's water issues since 1991. The 2017 theme will be 'Water and Waste - Reduce and Reuse'.

Further information is available on the World Water

Week website: (<http://www.worldwaterweek.org/>) **email:**

gabriela.suhoschi@siwi.org or adrian.puigarnau@siwi.org

27 August - 1 September 2017

SER 2017: 7TH WORLD CONFERENCE ON ECOLOGICAL RESTORATION

FOZ DO IGUASSU, PARANÁ, BRAZIL

This conference is organised by the Society for Ecological Restoration (SER) in partnership with the Brazilian Society for Ecological Restoration (SOBRE) and the Ibero-American & Caribbean Society for Ecological Restoration (SIACRE). The overarching theme of SER2017 is 'Linking Science and Practice for a Better World'.

For further details visit the SER website:

(<http://ser2017.org/>) **email:** atendimento@mci-group.com

28 August 2017

EAST LONDON WATERWAYS FESTIVAL

QUEEN ELIZABETH OLYMPIC PARK, LONDON

This new waterway event is organised by the Canal & River Trust alongside the London Legacy Development Corporation, St Pancras Cruising Club and the Inland Waterways Association. The completed Carpenters Road lock site will form the centrepiece of the festival, which will include a boat flotilla, dragon boat racing, canoeing taster sessions, free boat trips and pedalos. There will also be live music and dance performances, activities for children, food stalls and more.

For further details visit the Canal & River Trust website:

(<https://canalrivertrust.org.uk/news-and-views/news/east-london-waterway-festival-announced-for-queen-elizabeth-olympic-park-this-august>) (<https://canalrivertrust.org.uk/enjoy-the-waterways/events/2017-08-28-east-london-waterways-festival>)

email: joanna.steele@canalrivertrust.org.uk

28 – 30 August 2017

2ND INTERNATIONAL CONFERENCE AND EXPO ON WATER MICROBIOLOGY & NOVEL TECHNOLOGIES: New Revolution in Water Microbiology and Technology for Sustainable and Safe Future

PHILADELPHIA, USA

Water Microbiology 2017 brings together experts, researchers and decision makers from both academia and industry across the globe to exchange their knowledge, experience and research innovations in the field of microbiology and microbes related to water.

Further information is available on the conference

series website: (<http://water.conferenceseries.com/>)

email: watermicrobiology@conferenceseries.net

31 August – 2 September 2017

CEST 2017: 15TH INTERNATIONAL CONFERENCE ON ENVIRONMENTAL SCIENCE AND TECHNOLOGY

RHODES ISLAND, GREECE

This conference is organised by the Global Network of Environmental Science and Technology (Global NEST) to bring together engineers, scientists, researchers, students, managers and other professionals in order to address and discuss emerging environmental issues. A wide range of topics are presented while addressing the new opportunities for the emerging science-policy interface promoting the dialogue between the scientific and policy-making communities. It will include Special Sessions relevant to the topics including '5 Dimensions of Nexus: Water-Energy-Land-Climate-Food' and 'Emerging pollutants'.

For further details visit the GNEST website:

(<https://cest.gnest.org/cest2017/>) **email:** cest@gnest.org

SEPTEMBER

1 - 2 September 2017

EARLY CAREER HYDROGEOLOGISTS' CONFERENCE 2017: Practical Field Hydrogeology & Policy Relevance for Water Resources Management

UNIVERSITY OF STRATHCLYDE, GLASGOW

ECHC 2017 is organised by University of Strathclyde, Scottish Government, Geological Society, and IAH/ECHN. Prof. Rick Brassington will present on the importance of practical field hydrogeology and Mr Jon Rathjen of the Water Industry Team for Scottish Government will give an insider view of the use of practical knowledge to meet policy needs for water resources management.

For further details visit the University of Strathclyde

website: (<https://www.strath.ac.uk/engineering/civilenvironmentalengineering/echc2017/>)

email: echc2017-conf@strath.ac.uk

3 – 6 September 2017

EIFAAC INTERNATIONAL SYMPOSIUM: ADAPTATION OF INLAND FISHERIES AND AQUACULTURE TO CLIMATE CHANGE

STARE JABLONKI, POLAND

This symposium is organised by the Inland Fisheries Institute Poland on behalf of the European Inland Fisheries and Aqua Culture Advisory Commission (EIFAAC). The objective is to present the current state of knowledge and create a basis for development of recommendations for inland fisheries management.

For further details visit the symposium website: ([https://](https://eifaac2017.infish.com.pl/)

eifaac2017.infish.com.pl/) **email:** eifaac2017@infish.com.pl

4 - 7 September 2017

INTERNATIONAL MULTIDISCIPLINARY CONFERENCE ON PHARMACEUTICALS IN THE WATER ENVIRONMENT: Waste Water Treatment, Surface - and Groundwater, Drinking Water Production, Effect on Ecosystems

PRAGUE, CZECH REPUBLIC

PharmWat2017 is organised by European Water Association (EWA), International Association of Hydrogeologists (IAH), Charles University, Prague, Czech Republic, and other institutions. It aims to discuss the occurrence of pharmaceutical residues in the water environment and drinking water and the effect on ecosystems.

Further information is available on the conference

website: (<http://pharmwat2017.vuv.cz/>)

email: Zbynek_Hrkal@vuv.cz or use the contact form on the above website.

5 - 7 September 2017

COASTS, MARINE STRUCTURES AND BREAKWATERS 2017: Realising the Potential

LIVERPOOL

This Institution of Civil Engineers conference is the 11th in the Breakwaters series. Themes will be: new technologies and techniques; coastal erosion and flooding; marine energy; planning, design and construction; critical infrastructure; and waterfront developments.

Further information will be made available on the ICE

website: (<http://www.ice-conferences.com/coasts,-marine-structures-and-breakwaters-2017/>) **email:** events@ice.org.uk

5 - 7 September 2017

15TH INTERNATIONAL COMPUTING & CONTROL FOR THE WATER INDUSTRY CONFERENCE: Intelligent Water Systems

UNIVERSITY OF SHEFFIELD, SHEFFIELD

This is the fifteenth in the CCWI series of biennial conferences organised by the universities of Brunel, De Montfort, Exeter, Imperial College and Sheffield. Focusing mainly on water systems modelling and control this conference aims to bring together leading experts from academia and industry. Researchers and practitioners will be given the opportunity to discuss, present and disseminate recent advances in research and industry.

For further details visit the University of Sheffield website: (<https://www.sheffield.ac.uk/ccwi/2017>)
email: ccwi@sheffield.ac.uk

5 - 7 September 2017

ICFM7: 7TH INTERNATIONAL CONFERENCE ON FLOOD MANAGEMENT: Resilience to Global Changes: Anticipating the Unexpected

UNIVERSITY OF LEEDS, LEEDS

This conference offers a forum for various specialists including engineers, planners, natural and social scientists, health specialists, disaster managers, decision makers, and policy makers to come together to exchange ideas and experiences. It will consider the range of issues and challenges that affect flood management, particularly the need to build resilience into future planning.

For further details visit the ICFM7 website: (<http://www.icfm7.org.uk/>)
email: Please use the contact form on the above website.

5 - 9 September 2017

8TH IWA SPECIALIST CONFERENCE ON MEMBRANE TECHNOLOGY FOR WATER AND WASTEWATER TREATMENT

SINGAPORE

IWA-MTC 2017 provides a platform for professionals in the membrane communities and water to share knowledge of the latest development in membrane research and development, and to establish professional linkages for the advancement of this technology.

Further information is available on the conference website: (<http://www.iwa-mtc2017.com/>)
email: secretariat@iwa-mtc2017.com

6 September 2017

PARTICIPATORY LAND USE PLANNING AS A MECHANISM FOR DELIVERING SUSTAINABLE LAND USE

GLASGOW

This Ecosystems Knowledge Network training day, delivered by experts from Collingwood Environmental Planning, will discuss the context for participatory land use planning and sustainability as applied via the ecosystem approach. It will benefit professionals working in a range of areas including river catchment management, flood risk management and water resources.

For further details visit the EKN website: (<http://ecosystemsknowledge.net/events/training-participatory-land-use>)
email: info@ecosystemsknowledge.net

6 - 7 September 2017

ICSD 2017: 5TH INTERNATIONAL CONFERENCE ON SUSTAINABLE DEVELOPMENT

ROME, ITALY

This interdisciplinary conference is organised by the European Center of Sustainable Development. It will provide a forum for the sharing of ideas, presentation of research findings, and discussion of professional issues relevant to sustainability science. The environmental sustainability stream will include water and soil conservation and environmental legislation.

For further details visit the ECSD website: (<http://www.ecsdev.org/index.php/conference>)
email: conference@ecsdev.org

6 - 7 September 2017

WATER LOSS EUROPE 2017

COPENHAGEN, DENMARK

This conference is organised by Watercourse Events Ltd. and supported by the IWA Water Loss Specialist Group. Delegates will hear presentations from experts and practitioners on the current and emerging issues that could impact on water loss management in Europe.

For further details visit the conference website: (<http://www.waterlosseurope2017.com/>)
email: admin@watercourseevents.co.uk

7 - 8 September 2017

BATHING IN THE CITY

ESSEN, GERMANY

Under the auspices of the European Green Capital award by the EU, the European Water Association (EWA), in cooperation with the German Association for Water, Wastewater and Waste (DWA) is organising this conference to discuss the quality of bathing water in Europe. The conference will give an overview of the requirements and recommendations of the European Commission regarding the status of bathing water. It will also give examples of best practice.

For further details visit the EWA website: (<http://www.ewa-online.eu/calendar-detail/events/bathing-in-the-city.html>) **email:** lorvik@ewa-online.eu

10 - 13 September 2017

4TH WATER RESEARCH CONFERENCE: THE ROLE OF WATER TECHNOLOGY INNOVATION IN THE BLUE ECONOMY

WATERLOO, ONTARIO, CANADA

This Elsevier conference is held in association with the International Water Association and The Water Institute, University of Waterloo. It aims to discuss and advance thinking and research to support the transition towards a Blue Economy, in particular the role of water science and technology innovation to foster sustainable behavioural change in current water use and depletion.

Further information is available on the conference website: (<http://www.waterresearchconference.com/>) **email:** Please use the contact form on the above website.

10 – 15 September 2017

14TH IWA/IAHR INTERNATIONAL CONFERENCE ON URBAN DRAINAGE

PRAGUE, CZECH REPUBLIC

The ICUD conference aims to present latest advances and innovative approaches in fundamental and applied research on urban drainage, taking into account meteorological, hydrological, hydraulic, water quality and socio-economic aspects worldwide. It considers the wider context of urban water systems, with the ambition of developing and promoting sustainable and integrated urban water management.

Further information is available on the conference website: (<http://www.icud2017.org/>)
email: info@icud2017.org

11 – 13 September 2017

IWA-ASPIRE 2017: BREAKING BOUNDARIES – DEVELOPING A BETTER WATER FUTURE FOR ASIA AND THE PACIFIC REGIONS

KUALA LUMPUR, MALAYSIA

This conference will focus on a range of water related topics, including current development and water management issues in the Asia Pacific Regions, strengthening the water sector, and overcoming the challenges in sustainable water management.

Further information is available on the conference website: (<http://www.aspire2017.org.my/>)
email: info@aspire2017.org.my

11 – 13 September 2017

WATER CHALLENGES IN XXI CENTURY: ROLE OF ECONOMICS, STATISTICS AND ASSET MANAGEMENT

LIVORNO, ITALY

This 3rd IWA conference 'Water challenges in XXI century' is jointly organised by the Strategic Asset Management Specialist Group and by the Specialist Group on Statistics and Economics. The global theme is 'Economics, statistics, finance, infrastructure asset management and utility bankability'.

Further information is available on the IWA website: (<http://iwa2017.ec.unipi.it/>)
email: iwa-livorno2017@aicgroup.it

11 - 15 September 2017

HR WALLINGFORD TELEMATICS SUMMER SCHOOL

HOWBERY PARK, WALLINGFORD, OXFORDSHIRE

TELEMATICS is an open-source software suite for modelling free surface waters using unstructured finite element models. This five-day course is aimed at consultants and students who are working on riverine, coastal and maritime hydrodynamic modelling projects, and will provide an insight to the hydrodynamic tools available in the TELEMATICS suite.

For further details visit the Institute of Water website: (<http://training.hrwallingford.com/training/telematics-summer-school>) **email:** training@hrwallingford.com

12 – 13 September 2017

INTRODUCTION TO THE UK WATER INDUSTRY COURSE

LEEDS

This course is sponsored by the Institute of Water and Panton McLeod and provides an overview of the water and wastewater industry in the UK. It provides sector an understanding of all aspects of the water cycle, and the management and delivery of this essential service.

For further details visit the Institute of Water website: (<https://www.instituteofwater.org.uk/events-info/580/>)
email: Ceris.vandevyver@pantonmcleod.co.uk

12 - 13 September 2017

1ST IWA YOUNG WATER PROFESSIONALS CONFERENCE CRACOW 2017: Water, Wastewater and Energy in Smart Cities

CRACOW, POLAND

This first Conference of the International Water Association IWA for young scientists in Poland is organised by the Cracow University of Technology.

For further details visit the IWA website: (<http://iwa-ywp.pl/>)
email: mcrybicka@pk.edu.pl

12 – 14 September 2017

RWM EXHIBITION 2017

NEC, BIRMINGHAM

The RWM Exhibition in partnership with CIWM is a major industry event for the Waste, Energy, Recycling and Water sectors aimed at building a resource efficient future. The Water Marketplace Trail identifies exhibitors offering solutions for water procurement, the influencing of decision makers, education and also the reduction of water usage and reuse.

For further details visit the exhibition website: (<https://www.rwmexhibition.com/>)

email: info@rwmexhibition.com or visitor.help@ascentialassist.com

13 September 2017

RIVER RESTORATION CENTRE TRAINING COURSE: INTRODUCTION TO HYDROMORPHOLOGY FOR RIVER RESTORATION & NFM PRACTITIONERS

BRISTOL

This practical one-day overview course introduces participants to the basics of hydromorphology, with specific reference to river restoration. The course covers fundamental aspects of geomorphology, hydrology and ecology and includes fieldwork.

For further details visit the RRC website: (<http://www.therrc.co.uk/rrc-courses-and-workshops>) (http://www.therrc.co.uk/sites/default/files/files/Training/intro_hy_flyer.pdf) **email:** rrc@therrc.co.uk

14 September 2017

PRIORITY SUBSTANCES

LONDON

This CIWEM conference will examine new developments and emerging issues in the field of priority substances. The programme will give the EU and UK policy background, exploring current challenges including the implications of EU exit and potential scope of future regulatory framework. It will examine technological advances and current research and emerging issues including pharmaceuticals and microplastics.

For further details visit the CIWEM website:

(<http://www.ciwem.org/events/priority-substances/>)

email: events@ciwem.org

14 - 15 September 2017

THE EVOLUTION OF FLOODING AND FLOOD RISK: PAST, PRESENT AND FUTURE

GEOLOGICAL SOCIETY, LONDON

This Geological Society meeting, which aims to bring together both academic researchers and practitioners, will explore how geosciences can be important for flood mitigation and adaptation as the agencies involved in management solutions are moving from hard engineering approaches towards a softer, nature-based, approach to reducing flood risk.

For further details visit the exhibition website:

(<https://www.geolsoc.org.uk/flooding17>)

email: georgina.worrall@geolsoc.org.uk

15 - 22 September 2017

RCEM 2017: 10TH SYMPOSIUM ON RIVER, COASTAL AND ESTUARINE MORPHODYNAMICS

TRENTO – PADOVA, ITALY

RCEM 2017 aims to strengthen the linkage among the morphodynamic communities that work on rivers, estuaries and coasts, focusing on different approaches (observational, experimental, modelling) and on the potential for their integration.

For further details visit the conference website:

(<http://events.unitn.it/en/rcem17>)

email: rcem2017@unitn.it

16 - 17 September 2017

6TH INTERNATIONAL CONFERENCE ON CLIMATE CHANGE ADAPTATION 2017: Reducing Vulnerability through Adaptation

TORONTO, CANADA

CCA 2017 is organised by Unique Conferences Canada, and the International Center for Research & Development (ICRD). It will be an interactive platform to learn about best practices in adaptation strategies, and to network with future collaborators in the climate change domain. Climate change and water issues will be one of the key topics.

For further details visit the conference website:

(<http://www.globalclimate.info/>)

email: Prabhath Patabendi (Canada) ppca3000@gmail.com

17 - 20 September 2017

10TH MICROPOL & ECOHAZARD CONFERENCE 2017

BOKU, VIENNA, AUSTRIA

This conference is organised by the University of Natural Resources and Life Sciences Vienna (BOKU) in co-operation with the Technische Universität Wien (TU). It is aimed at policymakers, researchers, scientists and engineers for an exchange of views and experiences on best practices and innovative technologies in dealing with emerging contaminants and their potential impacts.

Further information is available on the conference

website: (<http://micropol2017.boku.ac.at/>)

email: micropol2017@boku.ac.at

17 - 20 September 2017

INTERNATIONAL ULTRAVIOLET ASSOCIATION WORLD CONGRESS

DUBROVNIK, CROATIA

This IUVA 2017 World Congress aims to present the recent advancements in technology and research addressing the environmental and treatment process challenges of today, as well as to discuss the current trends in UV regulations and technology.

Further information is available on the IUVA website:

(<http://iuva.org/2017WorldCongress>)

email: Please use the contact form on the above website.

18 - 20 September 2017

20TH INTERNATIONAL RIVERSYMPIOSIUM AND ENVIRONMENTAL FLOWS CONFERENCE

BRISBANE, AUSTRALIA

Hosted by the International RiverFoundation, the International Riversymposium was first held in Brisbane in 1998 and provides a platform for river managers, policy developers, scientists, consultants, NGOs and community organisations to share knowledge and innovative ideas on all aspects of river and water management.

For further details visit the conference website:

(<http://riversymposium.com/>) **email:** irs@riverfoundation.org.au

18 - 21 September 2017

8TH INTERNATIONAL PIANC-SMART RIVERS CONFERENCE

PITTSBURGH, PA, USA

The SMART Rivers Conference is a biennial international forum bringing together those involved in river transport to benchmark best practices for inland waterways around the world. Topics include Smart waterway infrastructure, Smart environment and climate change, resilience, sustainability, and extreme weather planning, and others.

Further information is available on the PIANC website:

(<http://www.pianc.org/smartrivers.php>)

(<http://www.pianc.org/downloads/events/PIANC-Smart%20Rivers%202017%20Call%20for%20Abstracts.pdf>)

email: pianc@usace.army.mil

19 September 2017

CELTIC SEAS 2050: DEVELOPING SCENARIOS FOR THE CELTIC SEAS

LONDON

This workshop is part of the SIMCelt project (Supporting Implementation of Maritime Spatial Planning in the Celtic Seas) and is organised by the lead partner on communications, University of Liverpool. This workshop will explore scenarios of future spatial demand in different maritime sectors - offshore wind energy, aquaculture, ports and shipping, wave and tidal energy and marine conservation. It will bring together representatives from these sectors across the Celtic Seas countries (UK, Ireland and France) to explore possible development scenarios in the Celtic Seas.

For further details visit the following websites:

(<http://www.cmscoms.com/?p=10982>)

(<https://www.eventbrite.co.uk/e/celtic-seas-2050-developing-scenarios-for-the-celtic-seas-tickets-35003391085>)

(<http://www.simcelt.eu/about/project-components/spatial-demands-and-scenarios/>)

email: L.McGowan@liverpool.ac.uk or use the contact form on the Eventbrite website above.

19 - 21 September 2017

THE FUTURE OF WATER MANAGEMENT IN EUROPE: AN E-CONFERENCE REVIEWING WFD IMPLEMENTATION

The aim of this MARS Project e-Conference is to gather constructive and practical suggestions from the scientific community for the improved monitoring and management of waters across Europe and ideas for more effective implementation of the Water Framework Directive (WFD), scheduled for review in 2019-20.

For further details visit the conference website:

(http://www.globaqua-project.eu/files/repository/20170619110919_MARS_eConference_FutureofWaterManagementinEurope_1stCircular.pdf)

email: [Ellie Mackay ellie@ceh.ac.uk](mailto:Ellie.Mackay@ceh.ac.uk)

19 - 22 September 2017

INTERNATIONAL WATER INDUSTRY CONFERENCE 2017: Water Sustainability

GYEONGJU, SOUTH KOREA

This conference is organised by the Advanced Institute of Water Industry and Daegu Convention Bureau and supported by IWA. Topics include: innovative technologies for the water industry; appropriate water/wastewater technologies for developing countries; green technologies for sustainable water and wastewater management; water resources and quality management; and policy and economical assessment in the water industry.

For further details visit the conference website:

(<http://water nexus.net/>) **email:** info@waterindustry.kr

20 September 2017

SURFACE WATER MANAGEMENT 2017

LONDON

This CIWEM conference will provide an up to date picture on the context, scale and impact of surface water flooding, advances in modelling and the key barriers to delivering SuDS with innovative case studies and collaborations. Following on from the National Flood Resilience Review, this event will examine the best opportunities and next steps to be taken

by government, developers, critical infrastructure providers and a wide range of other stakeholders for surface water management.

Further information is available on the CIWEM

website: (<http://www.ciwem.org/events/surface-water-management-2017/>) **email:** sophie@ciwem.org

20 September 2017

WWT SUSTAINABLE WATER CONFERENCE AND EXHIBITION 2017

BIRMINGHAM

This event is aimed at water professionals tasked with providing a secure and sustainable supply of water, at an affordable price, without damaging the environment. It focuses on ensuring long-term resilience, and is strategically timed ahead of PR19 and the development of the next round of Water Resource Management Plans (WRMPs).

For further details visit the WWT website:

(<http://events.wwtonline.co.uk/sustainable/>)

email: carla.staden@fav-house.com

20 - 22 September 2017

19TH ANNUAL INTERNATIONAL BIOECON CONFERENCE: Evidence-Based Environmental Policies and the Optimal Management of Natural Resources

TILBURG UNIVERSITY, THE NETHERLANDS

This conference will provide a platform for the dissemination of high-quality research on the economics of environmental protection and biodiversity conservation. It will be of interest to both researchers and policy makers working on issues in the area of biodiversity, ecosystem services, and sustainable development. In particular, it will explore research on the effectiveness of policy instruments in protecting the planet's most valuable resources.

For further details visit the BIOECON website:

(http://www.bioecon-network.org/pages/19th_2017/19th_2017.html) **email:** Ms Kristel Suijs bioecon@bioecon-network.org

20 - 23 September 2017

EUROPE-INBO 2017: 15TH 'EUROPE-INBO 2017' INTERNATIONAL CONFERENCE FOR THE IMPLEMENTATION OF THE EUROPEAN WATER DIRECTIVES

DUBLIN, REPUBLIC OF IRELAND

This event will include a workshop on 'Water data management and electronic reporting' and four thematic Roundtable on: WFD upcoming milestones; adaptation to climate change; public participation; and new threats to aquatic environments. There will also be a technical visit for coastal and inland waters in Dublin and surrounding counties.

For further details visit the INBO website:

(<http://www.inbo-news.org/inbo/agenda/article/europe-inbo-2017>) **email:** secretariat@inbo-news.org

21 - 23 September 2017

ECOHC'17: 4TH INTERNATIONAL CONFERENCE ON ECOHYDROLOGY, SOIL AND CLIMATE CHANGE

FIGUEIRA DA FOZ, PORTUGAL

EcoHCC'17 is organised by Polytechnic Institute of Tomar (IPT), Natural Hazards Research Center (NHRC.ipt). The aim is to bring together researchers in the areas of climate, meteorology, extreme events and natural hazards, ecohydrology, hydrology, environment, soil, and geo-statistics with the aim of sharing experiences and promoting the integration of these themes as a multidisciplinary framework.

For further details visit the conference website: (<http://www.ecohcc.ipt.pt/>) **email:** ecohcc@ipt.pt

23 September 2017

MY WILD CHILTERN

COLLEGE LAKE NATURE RESERVE, TRING, BUCKINGHAMSHIRE

This event is organised by the Berks, Bucks & Oxon Wildlife Trust and will engage local communities with BBOWT's work and sites and the opportunities they offer. A host of local organisations and groups will be there, with informative and interactive displays about their work. It will include a variety of walks, talks, demonstrations, workshops and activities for the whole family.

For further details visit the BBOWT website: (<http://www.bbowl.org.uk/events/2017/09/23/my-wild-chilterns?instance=0>) **email:** catherinereynolds@bbowl.org.uk

24 - 30 September 2017

PORTO WATER INNOVATION WEEK

PORTO, PORTUGAL

This initiative is organised by Porto City Council, through Águas do Porto, with support from the European Commission and the Portuguese Government. It includes three large events, Mayors & Water, the EIP Water Conference and Water Innovation Lab. Water & People, which involves a range of activities that aim to involve the general public in the whole idea of water and innovation, cuts across all these events. It includes street entertainment and performing arts and also Aquaporto – Water Festival 2017.

For further details visit the event website: (<http://www.portowaterinnovationweek.eu/>) **email:** info@portowaterinnovationweek.eu

25 – 27 September 2017

7TH IWA CONFERENCE ON ODOURS AND AIR EMISSIONS

WARSAW, POLAND

The odour impact of industrial, farming or municipal management facilities, including municipal wastewater treatment plants has been growing significantly. This IWA conference will give the opportunity to industry specialists, researchers and professionals to exchange experiences and ideas, and discuss the main innovations related to air emissions policy and solutions for odour management.

Further information is available on the conference website: (<https://iwaodours2017.wordpress.com/>) **email:** iwaodours2017@is.pw.edu.pl

25 – 28 September 2017

WORLD CANALS CONFERENCE 2017

SYRACUSE, NEW YORK, USA

This Inland Waterways International conference is co-hosted by the New York State Canal Corporation, Erie Canalway National Heritage Corridor, and Visit Syracuse. It celebrates the bicentennial of groundbreaking for the Erie Canal and the centennial of its still operating successor – the New York State Barge Canal System.

Further information is available on the Inland

Waterways International website: (<http://inlandwaterwaysinternational.org/world-canals-conference/future-events/>) **email:** info@inlandwaterwaysinternational.org

25 – 29 September 2017

44TH ANNUAL CONGRESS OF THE INTERNATIONAL ASSOCIATION OF HYDROGEOLOGISTS: Groundwater Heritage and Sustainability

DUBROVNIK, CROATIA

This Congress is organised by The IAH National Chapter of Croatia. Topics are: groundwater heritage; groundwater modelling; groundwater monitoring; groundwater in karst systems; groundwater and dependent ecosystems; hydropower and geothermal energy; sustainable management of groundwater resources; and mineral waters and human health.

For further details visit the conference website: (<http://iah2017.org/>) **email:** organising@iah2017.org

26 September 2017

PANG VALLEY FLOOD FORUM MEETING

PANGBOURNE VILLAGE HALL, PANGBOURNE, READING

This is the quarterly meeting of The Pang Valley Flood Forum which was set up in January 2013 as a joint initiative by West Berkshire Council, the Environment Agency and Thames Water. The Forum is run by volunteers working collaboratively to reduce flood risk throughout the communities in the Pang Valley.

For further details visit the Forum website: (<http://www.floodalleviation.uk/>) **email:** pangvalleyfloodforum@gmail.com

27 - 28 September 2017

SENSING IN WATER 2017

NOTTINGHAM

This is the 4th biennial conference and exhibition of the Sensors for Water Interest Group (SWIG). It will enable delegates to stay up to date with water sensor technologies.

Further information is available on the SWIG website: (<http://www.swig.org.uk/events/2017-event/>) **email:** rosa.richards@swig.org.uk

27 – 28 September 2017

FLOOD EXPO 2017

EXCEL, LONDON

This exhibition and conference designed to help flood professionals and property owners discover the latest innovative products, services and strategies that transform the way flooding is predicted, prevented, and managed. It will include debates. Expert led seminars and live demos on the Thames.

For further details visit the Flood Expo website: (<http://www.thefloodexpo.co.uk/>) **email:** Please use the 'Leave a message' or 'Get free tickets' form on the above website.

27 – 28 September 2017

EIP WATER CONFERENCE 2017: 4TH EUROPEAN INNOVATION PARTNERSHIP FOR WATER CONFERENCE

PORTO, PORTUGAL

EIP Water 2017 is part of Porto Water Innovation Week. The theme is 'Water Innovation: Bridging Gaps, Creating Opportunities'. It will consider Innovative solutions to address major European and global water challenges and will explore other issues including market opportunities for these innovations.

For further details visit the Porto Water Innovation Week website: (<http://www.portowaterinnovationweek.eu/eip>)
email: info@portowaterinnovationweek.eu

29 September 2017

MAYORS & WATER CONFERENCE 2017

PORTO, PORTUGAL

This conference is part of Porto Water Innovation Week. The main focus will be the launch of the Urban Agenda for Water 2030. Cities will use this new platform to collaborate on water issues and promote integrated and sustainable water management. The platform is designed to help cities find solutions to their water problems, by creating opportunities for urban regeneration and involving local communities.

For further details visit the Porto Water Innovation Week website: (<http://www.portowaterinnovationweek.eu/mayors-water>) **email:** info@portowaterinnovationweek.eu

29 September 2017

BOOSTING RESEARCH AND INNOVATION IN THE WATER SECTOR: The Impact of EU-Funded Actions

PORTO, PORTUGAL

This side event of the Porto Water Innovation Week is organised by the European Commission's Directorate General for Research and Innovation and the Executive Agency for SMEs (EASME), in collaboration with the EIP Water. It will bring together water-related EU funded actions to discuss innovation in the water sector and address the different aspects and challenges in order to maximise impact.

For further details visit the EASME website: (<https://ec.europa.eu/easme/en/news/boosting-research-and-innovation-water-sector-impact-eu-funded-actions>)
email: Giulio.PATTANARO@ec.europa.eu or use the contact form on the above website.

30 September – 4 October 2017

WEFTEC 2017

CHICAGO, IL, USA

WEFTEC, the Water Environment Federation's Annual Technical Exhibition and Conference, provides an exhibition and technical program giving access to the field's cutting-edge information, technologies, services, and networking.

For further details visit the WEFTEC website: (<http://www.weftec.org/>)
email: Please use the contact form on the above website.

OCTOBER

3 – 4 October 2017

11TH EUROPEAN WASTEWATER MANAGEMENT CONFERENCE & EXHIBITION

LEEDS

This 11th EWWM is a leading conference on problems and solutions for the management and treatment of wastewater. It will consider all aspects of the wastewater treatment cycle from the sewer to discharge of final effluent and including the impacts on receiving watercourses. It provides a forum for practitioners and researchers to meet and discuss the needs and interests of the European water industry.

Further information is available on the Aquaenviro or conference website: (<http://www.aquaenviro.co.uk/events/conferences/european-waste-water-management-conference-exhibition/>) (<http://ewwmconference.com/>)
email: sarahbrown@aquaenviro.co.uk

4 - 6 October 2017

WATERSMART INNOVATIONS 2017

LAS VEGAS, USA

This 10th annual WaterSmart Innovations Conference and Exposition is regarded as a premier urban water efficiency conference. It will showcase water-efficient products and services and include technical tours to venues illustrating Southern Nevada's commitment to water efficiency.

For further details visit the conference website: (<https://watersmartinnovations.com/>)
email: jen@watersmartinnovations.com

4 - 8 October 2017

12TH CONFERENCE ON SUSTAINABLE DEVELOPMENT OF ENERGY, WATER AND ENVIRONMENT SYSTEMS

DUBROVNIK, CROATIA

This conference is organised by International Centre for Sustainable Development of Energy and Water and Environment Systems (SDEWES) and is dedicated to the improvement and dissemination of knowledge on methods, policies and technologies for increasing the sustainability of development.

For further details visit the conference website: (<http://www.dubrovnik2017.sdewes.org/>)
email: sdewes2017@sdewes.org

5 October 2017

UNCONFERENCE: CIRCULAR ECONOMY CHALLENGES

LONDON

The water industry's first UNconference is the result of the ongoing collaboration between British Water, Anglian Water, and the Water Innovation Network (WIN) and is sponsored by Knowledge Transfer Network (KTN). This innovative Open Space Technology based event is an organic approach to solve complex problems in large groups and will explore the future path for the water industry in finding sustainable solutions to fully become a circular economy, creating zero waste and producing alternative renewable energy.

For further details visit the British Water website: (<http://www.britishwater.co.uk/events/unconference-circular-economy-challenges-302.aspx>)
email: leesha.gohil@britishwater.co.uk

5 - 6 October 2017

2ND INTERNATIONAL CONFERENCE ON POLLUTION CONTROL AND SUSTAINABLE ENVIRONMENT

LONDON

This conference is comprised of keynote and speakers sessions on latest research with discussions that address current issues in pollution control. The theme will be 'Exploring new horizons and sustainable technologies for controlling pollution'.

Further information will be made available on the Conference Series website:

(<http://pollutioncontrol.conferenceseries.com/>)

email: pollutioncontrol@conferenceseries.net

8 - 14 October 2017

23RD INTERNATIONAL CONGRESS ON IRRIGATION AND DRAINAGE

MEXICO CITY, MEXICO

This congress is organised by the International Commission for Irrigation and Drainage (ICID). The theme 'Modernizing Irrigation and Drainage for a New Green Revolution' will address the need to adapt and modernise irrigation and drainage to enable food production to meet rapidly growing demand in two main ways: 1) Water productivity: revisiting the concepts in light of water, energy and food nexus, and 2) State of knowledge of irrigation techniques and practicalities within given socio-economic settings.

For further details visit the congress website:

(<http://www.icid2017.org/>) **email:** info@icid2017.org

9 - 10 October 2017

WRE CONFERENCE AND EXHIBITION ON INNOVATIONS IN WATER REUSE

BRUGES, BELGIUM

This 1st Water Reuse Europe (WRE) conference will bring together reuse scheme developers, industry leaders, solution providers, technology suppliers, policy makers, researchers, end-users, and consultants to share experiences and perspectives on the current status of water reuse in Europe.

For further details visit the WRE website:

(<http://www.water-reuse.eu/wreconference>)

email: info@water-reuse.eu

9 - 11 October 2017

14TH IWA SPECIALIST CONFERENCE ON WATERSHED AND RIVER BASIN MANAGEMENT

SKUKUZA CAMP, KRUGER NATIONAL PARK, SOUTH AFRICA

This conference will be hosted by the IWA Watershed and River Basin Management Specialist Group in partnership with the Water Institute for Southern Africa (WISA) and IWA-South Africa (IWA-SA). The theme of the conference will be 'Living catchments'. It will address cutting edge issues related to sustainable watershed management, with a special focus on emerging issues related to climate change.

For further details visit the conference website:

(<http://www.rbm2017.com/>)

email: rbm2017@savannaskills.co.za

9 - 11 October 2017

HYDRO 2017: SHAPING THE FUTURE OF HYDROPOWER

SEVILLE, SPAIN

This conference is organised by the International Journal on Hydropower and Dams for discussions on all topical issues relating to hydropower worldwide, with emphasis on international collaboration: working together in project planning and implementation to shape the future of world hydropower development.

Further information will be made available on the International Journal on Hydropower and Dams

website: (http://www.hydropower-dams.com/hydro-2017.php?c_id=88) (<http://www.hydropower-dams.com/pdfs/Hydro17.pdf>) **email:** hydro2017@hydropower-dams.com

9 - 11 October 2017

COMMUNITY SCIENCE IN THE NATURAL WORLD

NATIONAL MARITIME AQUARIUM, PLYMOUTH

This conference is being organised by the Community Seagrass Initiative (CSI), a citizen science project which aims to raise awareness of seagrass habitats in the South West of England. Hosting a variety of organisations from governmental bodies to small scale projects, both marine and terrestrial, this conference aims to bring facilitators together to discuss best practices of using citizen science, and how it can be used as an important tool for monitoring and conservation.

For further details visit the conference website:

(<http://www.csi-seagrass.co.uk/conference/>)

email: csi@national-aquarium.co.uk

10 October 2017

PRIORITIES FOR THE NATIONAL ADAPTION PROGRAMME AND ADDRESSING CLIMATE CHANGE

LONDON

This Westminster Energy, Environment & Transport Forum Keynote Seminar will assess priorities for UK climate change adaptation and planning ahead as preparations are put in place for the publication of the National Adaptation Programme in 2018. It will discuss practicalities of adaptation plans for priority areas highlighted in Defra's Climate Change Risk Assessment Report 2017 - including water supplies, natural capital, health, food and pests. The agenda includes discussion on creating a climate resilient water supply and flooding adaptation.

For further details visit the Westminster Forum

Projects website: (<http://www.westminsterforumprojects.co.uk/conferences/westminster-energy-environment-and-transport-forum>) (<http://www.westminsterforumprojects.co.uk/forums/agenda/climate-change-policy-17-agenda.pdf>)

email: info@forumsupport.co.uk

11 October 2017

ANNUAL WASTEWATER CONFERENCE: Towards Sustainable Wastewater Treatment

WARRINGTON

This CIWEM North Western and North Wales Branch conference is supported by United Utilities and held at the United Utilities Haweswater Conference Centre, Lingley Mere, Warrington.

Further information will be made available on the

CIWEM website: (<http://www.ciwem.org/events/annual-wastewater-conference/>) **email:** events@ciwem.org

11 - 12 October 2017

UTILITY WEEK CONGRESS 2017

BIRMINGHAM

This event for the water, gas and electricity industries will enable policy makers, regulators, utilities, investors and the supply chain to come together to tackle the most pressing challenges facing the sector. It will offer strategic insight in line with the latest thinking from Ofgem, Ofwat, Ofcom, DWI, Defra and more. Day 1 covers regulation and the customer and Day 2 is concerned with innovation and resilience.

For further details visit the Utility Week website:

(<http://events.utilityweek.co.uk/congress/>)

email: nicola.gillman@fav-house.com

12 October 2017

WATER UK 18TH ANNUAL LEAKAGE CONFERENCE

BIRMINGHAM

This event brings together delegates from water companies, regulators, government, manufacturers and the wider supply chain as a forum for debate and knowledge sharing.

Further information will be made available on the Water UK website: (<http://www.water.org.uk/wateruk-events/leakage-conference-2017>)

email: Beth Faircliffe bfaircliffe@water.org.uk

12 October 2017

BRITISH WATER 2017 INTERNATIONAL RECEPTION

IRONMONGERS' HALL, LONDON

This evening reception for British Water members and invited guests is held in collaboration with international partners and its aim is to help increase the sharing of best practice and international partnerships by bringing together those involved in developing and delivering global water projects.

For further details visit the British Water website: (<http://www.britishwater.co.uk/events/british-water-2017-international-reception-292.aspx>)

email: Leesha.Gohil@britishwater.co.uk

13 October 2017

BRITISH WATER INTERNATIONAL CONFERENCE 2017

IRONMONGERS' HALL, LONDON

This conference will provide an update on global water and wastewater opportunities. Speakers from a wide range of companies and organisations will present municipal and industrial projects and be available for business-to-business meetings hosted by the European Enterprise Network.

For further details visit the British Water website: (<http://www.britishwater.co.uk/events/british-water-international-conference-2017-310.aspx>)

email: Leesha.Gohil@britishwater.co.uk

15 - 20 October 2017

INTERNATIONAL DESALINATION ASSOCIATION WORLD CONGRESS 2017: Water Reuse & Desalination: Ensure Your Water Future

SÃO PAULO, BRAZIL

This IDA World Congress for the global water reuse and desalination community offers delegates an opportunity to expand their knowledge of current and emerging desalination and water reuse technologies. It will bring together leading experts from government, academia, and industry to share knowledge, experiences and views; and provide opportunities for cross-collaboration between these sectors to resolve the challenges of desalination and advance its adoption around the world.

For further details visit the Congress website:

(<http://wc.idadesal.org/>) **email:** info@idadesal.org

16 - 17 October 2017

3RD WORLD CONGRESS ON CLIMATE CHANGE AND GLOBAL WARMING

DUBAI, UAE

The aim of this conference is to bring together leading scientists from the field of climate change, global warming, meteorology, environmental sciences, GIS & remote sensing, and geological sciences. The theme is 'Earth is getting Warmer! Challenges and Solutions for a Sustainable Environment'.

Further information will be made available on the Conference Series website:

(<http://climatechange.conferenceseries.com/asiapacific/>)

email: globalwarming@geologyseries.com

17 - 20 October 2017

15TH IWA INTERNATIONAL CONFERENCE ON ANAEROBIC DIGESTION

BEIJING, CHINA

This event is part of the IWA Anaerobic Digestion Specialist Group conference series, which are conceived as an international forum discussing state-of-art anaerobic bioprocesses. It will target the most promising technologies that could significantly boost the development of AD globally.

Further information will be made available on the conference website: (<http://ad15.medmeeting.org/en>)

email: AD_china2017@163.com

18 October 2017

NORTH WESSEX DOWNS AONB ANNUAL FORUM

UFFINGTON MEMORIAL HALL, UFFINGTON, OXFORDSHIRE

The theme for this year's annual forum is 'The Great Outdoors' and will be run together with the Ridgeway Partnership. The day will include talks, discussion and field visits.

For further details visit the North Wessex Downs AONB website:

(<http://www.northwessexdowns.org.uk/news-events/aonb-events.html>)

(<http://www.northwessexdowns.org.uk/news/146/318/Forum2017.htm>)

email: info@northwessexdowns.org.uk

19 October 2017

FLOOD MODELLER SUITE 2017

GEOLOGICAL SOCIETY, LONDON

Flood Modeller Suite 2017, CH2M's annual user conference, provides an opportunity for new and existing users of Flood Modeller Suite (which includes Flood Modeller Pro, Flood Modeller Free, Flood Viewer and Flood Cloud) to find out more about the software.

For further details visit the Flood Modeller or

Eventbrite website: (<https://www.floodmodeller.com/news/articles/2017/1/call-for-papers-flood-modeller-suite-2017>) (<https://www.eventbrite.co.uk/e/flood-modeller-suite-2017-tickets-31450184348>)

email: softwaresales@ch2m.com

19 - 21 October 2017

3RD WORLD CONFERENCE ON CLIMATE CHANGE

ROME, ITALY

This conference is comprised of keynote and speakers sessions on latest research with discussions that address current issues in climate change. The theme will be 'Today's progress and tomorrow's climate challenges'.

Further information will be made available on the Conference Series website:

(<http://climatechange.conferenceseries.com/>)

email: climatechange@conferenceseries.net

22 - 26 October 2017

INTERNATIONAL IWA CONFERENCE ON SUSTAINABLE SOLUTIONS FOR SMALL WATER AND WASTEWATER TREATMENT SYSTEMS

NANTES, FRANCE

This conference aims to disseminate knowledge and expertise on innovative systems, technologies and processes which are/can be applied at small and decentralized regions for the management of water and wastewater.

For further details visit the conference website:

(<http://s2small2017.org/>) **email:** secretary@s2small2017.org

23 - 25 October 2017

WATER AND CLIMATE: MEETING OF THE GREAT RIVERS OF THE WORLD

ROME, ITALY

This Italian Ministry for Environment, Land and Sea international summit is held in partnership with the International Network of Basin Organizations (INBO, Secretariat of the Global Alliances for Water and Climate - GAFwAc) and Aquamadre. The event is designed as a milestone in the preparation of COP23 (Bonn, 6-17 November 2017) and of the World Water Forum (Brasilia, 18-23 March 2018). The focus will be on addressing the impacts of climate change on water resources, and their dramatic consequences (floods, drought, degradation of ecosystems, etc.).

For further details visit the INBO or conference

website: (<http://www.inbo-news.org/inbo/agenda/article/water-and-climate-meeting-of-the-4879>) (<http://www.minambiente.it/water-and-climate-summit/>)

25 - 27 October 2017

CHALLENGE OF SCIENCE LEADERSHIP COURSE

SCOTTISH ASSOCIATION FOR MARINE SCIENCE, OBAN, SCOTLAND

This course is run by the Barefoot Thinking Company and is delivered in conjunction with academic partner, Plymouth University Marine Institute. It aims to provide scientists, academics and professionals working in the environment and sustainability sectors with a toolkit to help them lead and facilitate effective innovation, communication and collaboration.

For further details visit the course website:

(<http://www.scienceleadership.co.uk/index.html>)

email: info@scienceleadership.co.uk

27 October 2017

1ST ANNUAL DŴR UISCE CONFERENCE: Sustainability in Energy & Water Resources: Research & Practice

BANGOR UNIVERSITY, BANGOR, WALES

"Dŵr Uisce" is a water-energy nexus project at Trinity College Dublin (TCD) and Bangor University (UK). This first conference aims to address the challenges we face in our communities - energy poverty, finite resources and climate change. The event will include guest speakers on technical, social and governance perspectives on the importance of valuing our water and energy resources, and discuss how we can ensure water and energy security in the future.

For further details visit the Dŵr Uisce website:

(<https://www.dwr-uisce.eu/dwr-uisce-conference-2017/>)

email: Please use the contact form on the above website.

30 October - 3 November 2017

AMSTERDAM INTERNATIONAL WATER WEEK: Water . . . and 9 Million People

AMSTERDAM, THE NETHERLANDS

Amsterdam International Water Week is the platform bringing together leaders from government, the private sector, academics and society all over the world; together we will explore a new era of Sustainable Development Goals that represent a global process of resiliency, optimal resource efficiency and transition to circular economies. AIWW 2017 has identified the four main water challenges facing the cities and industries of tomorrow: water efficiency and value;

water management and resilience; institutional transition and governance; and innovative water system implementations.

Further information will be made available on the International Water Week website: (<http://internationalwaterweek.com/>) **email:** info@iwwamsterdam.com

31 October 2017

WORKING WITH NATURAL PROCESSES: The Evidence Behind Natural Flood Management

LONDON

This CIWEM conference will launch the Environment Agency's 'Working with Natural Processes Evidence Base' which has been developed to help flood and coastal erosion risk management (FCERM) authorities understand, justify, develop and implement FCERM schemes with WWNP to reduce flood risk. It will also include presentations from a range of existing projects that have successfully implemented NFM measures on the ground, through effective partnerships, whilst drawing on a range of funding streams. There will be a further event on 6th December in Leeds.

Further information will be made available on the CIWEM website: (<http://www.ciwem.org/events/working-with-natural-processes-the-evidence-behind-natural-flood-management-london/>) **email:** events@ciwem.org

31 October – 1 November 2017

FLOODIX EUROPE 2017

AMSTERDAM, THE NETHERLANDS

Floodix Europe takes place alongside Aquatech Amsterdam 2017 and is part of Amsterdam International Water Week. The exhibition provides a platform for the latest trends and developments in flood defence, water level management, prevention, mitigation and drainage.

Further information will be made available on the Floodix website: (<http://www.floodixworld.com/>) **email:** registration@rai.nl

31 October – 3 November 2017

AQUATECH AMSTERDAM 2017

AMSTERDAM, THE NETHERLANDS

Aquatech Amsterdam is part of the International Water Week and is a leading trade exhibition for process, drinking and waste water. It will include seminars, conferences, training and excursions.

Further information will be made available on the Aquatech website: (<http://www.aquatechtrade.com/amsterdam/>) **email:** iww@rai.nl

31 October – 4 November 2017

MEDCOAST 17: 13TH MEDCOAST CONGRESS ON COASTAL AND MARINE SCIENCES, ENGINEERING, MANAGEMENT & CONSERVATION

MELLIEHA, MALTA

This biennial congress will provide opportunities for discussing topics in the fields of Integrated Maritime Policy (IMP), Maritime Spatial Planning (MSP) and Integrated Coastal Zone Management (ICZM), giving special emphasis to the Mediterranean, Black and Caspian seas.

For further details visit the congress website: (<https://conference.medcoast.net>)
email: medcoast2017@medcoast.net

NOVEMBER

2 November 2017

WWT DRINKING WATER QUALITY CONFERENCE: Improving Water Quality from Source to Tap

BIRMINGHAM

This 2nd WWT Drinking Water Quality Conference is held in association with NWG Living Water. It will showcase scientific research, treatment techniques, and management solutions. Sessions include: policy, regulation and the role of collaboration; innovation in drinking water quality; incident management and customer-side risk. There will be breakout groups for: stakeholder engagement & catchment management; and improving the technical elements of drinking water treatment.

For further details visit the WWT website: (<http://events.wwtonline.co.uk/drinking/conference-overview/>)
email: carla.staden@fav-house.com

6 - 7 November 2017

13TH EWA BRUSSELS CONFERENCE: RECENT DEVELOPMENTS IN THE EU WATER POLICY

BRUSSELS, BELGIUM

The 13th EWA Brussels Conference will deal with the latest update on EU Water policy. In session 1 the achievements and challenges of the Water Framework Directive will be presented. On day two, the topic Water as a Resource will be covered in Session two, and water as an interdisciplinary challenge will be discussed in Session three.

Further information will be made available on the EWA website: (<http://www.ewa-online.eu/calendar-detail/events/13-ewa-brussels.html>) **email:** info@ewa-online.eu

6 - 17 November 2017

COP23: UN CLIMATE CHANGE CONFERENCE - NOVEMBER 2017

BONN, GERMANY

COP23 is the informal name for the 23rd Conference of the Parties to the United Nations Framework Convention on Climate Change (UNFCCC). Fiji is presiding over COP23 and Fiji's vision is for a Presidency that is transparent and inclusive of all, advances the Paris Agreement and accelerates climate action for vulnerable societies, especially for all small island developing states.

For further details visit the UNFCCC or COP23 website: (http://unfccc.int/meetings/bonn_nov_2017/meeting/10084.php) (<https://cop23.com.fj/>) **email:** secretariat@unfccc.int or info@cop23.com.fj

7 - 10 November 2017

SUSTAINABLE WASTEWATER TREATMENT AND RESOURCE RECOVERY: Research, Planning, Design and Operations

CHONGQING, CHINA

NNR-LWWTP 2017 is organised by IWA and Chongqing University. It will be an international meeting point for scientists, engineers, and managers, providing an opportunity to review and assess research and management practices on nutrient removal, aimed at improving natural dynamic processes and pollution control, in particular planning, operation, performance, and economics of wastewater treatment.

Further information will be made available on the conference website: (www.nrr-lwwtp2017.com)
email: secretary@nrr-lwwtp2017.com

8 November 2017

EWA SEMINAR ON EU WATER POLICY

BRUSSELS, BELGIUM

The European Water Association Water Policy Seminar follows the 13th EWA Brussels Conference and provides an overview on EU institutions and a summary of water-related policy and legislation.

Further information will be made available on the EWA website: (<http://www.ewa-online.eu/calendar-detail/events/13-ewa-brussels.html>) **email:** info@ewa-online.eu

8 – 10 November 2017

CIWEM URBAN DRAINAGE GROUP AUTUMN CONFERENCE AND EXHIBITION 2017

BLACKPOOL

The CIWEM UDG Autumn Conference will again take place at the Hilton Hotel, Blackpool.

Further information will be made available on the CIWEM website: (<http://www.ciwem.org/events/urban-drainage-group-autumn-conference-and-exhibition-2017/>) **email:** udg.conference@gmail.com

8 – 10 November 2017

VIETWATER 2017

SIAGON, VIETNAM

VietWater 2017, part of Water & Wastewater Industry Show series organised by UBM Asia, is Vietnam's leading international water supply, sanitation, water resources and purification event. It will showcase innovations, technologies, products, equipment and services and will include technical seminars and conferences.

Further information will be made available on the exhibition website: (<http://www.vietwater.com/en-us/>) **email:** vicky.vu@ubm.com

9 November 2017

ENVIRONMENTAL PROTECTION UK ANNUAL CONFERENCE 2017: THE FUTURE OF THE UK ENVIRONMENT: Delivering Health and Wellbeing over the Next 25 Years

ASTON UNIVERSITY, BIRMINGHAM

The EPUK annual conference 2017 will include keynote talks and expert presentations in the sessions for each of the main EPUK topics, air quality, land quality and noise. The EPUK President, Lord Whitty will give the Opening Address on how we might deliver a better environment in the current political climate, with improvements in health and wellbeing for all of the UK.

For further details visit the EPUK website: (<http://www.environmental-protection.org.uk/events/epuk-events/autumn-conference-2017/>) **email:** secretariat@environmental-protection.org.uk or use the contact form on the above website.

9 November 2017

CLIMATE CHANGE AND EIA: THE NEW RELATIONSHIP AND CASE STUDIES

CIWEM, FARRINGDON, LONDON

The aim of this CIWEM seminar is to provide an overview and evaluation of the amendment to the Environmental Impact Assessment (EIA) process six months after its introduction. The event will examine the state of adaptation and resilience in the UK and the effectiveness of EIA in driving positive

change before sharing best practice on its consideration using case studies from the UK and EU.

For further details visit the CIWEM website: (<http://www.ciwem.org/events/climate-change-and-eia-the-new-relationship-and-case-studies/>) **email:** events@ciwem.org

9 - 10 November 2017

XI WORLD AQUA CONGRESS 2017: WATER AND ENVIRONMENT SOLUTIONS: CUTTING ACROSS BORDERS

NEW DELHI, INDIA

This congress is organised by the World Aqua Foundation and aims to bring together policy makers, administrators, academicians, scientists, researchers and industry to exchange and share their experiences, innovations, and ideas about all aspects of Water & Environment.

For further details visit the congress website: (<http://worldaquacongress.org/index.aspx>) **email:** wac@worldaquacongress.org

12 - 16 November 2017

AWWA WATER QUALITY TECHNOLOGY CONFERENCE 2017

PORTLAND, OREGON, USA

This American Water Works Association conference aims to provide a practical forum for a wide range of water professionals to exchange the latest research and information.

Further information will be made available on the AWWA website: (<http://www.awwa.org/conferences-education/conferences/water-quality-technology.aspx>) **email:** service@awwa.org or use the contact form on the above website.

12 - 16 November 2017

INTERNATIONAL WATER CONFERENCE

ORLANDO, FLORIDA, USA

The IWC is organised by the Engineers' Society of Western Pennsylvania and is dedicated to advancing new developments in the treatment, use and reuse of water for industrial and other engineering purposes.

Further information will be made available on the ESWP website: (<https://eswp.com/water/overview/>) **email:** eswp@eswp.com

13 – 16 November 2017

IWA WATER AND DEVELOPMENT CONGRESS & EXHIBITION 2017

BUENOS AIRES, ARGENTINA

The IWA WDCE2017 brings together practitioners, utility managers, government officials, NGO representatives, technology providers, and consultants. It will focus on: political & social engagement in water issues; capacity building of water operators and professionals in the region; Argentina National Water Plan; regional preparation and contribution towards 2018 World Water Forum; and climate change adaptation in the region.

Further information will be made available on the AWWA website: (<http://www.iwa-network.org/news/save-the-date-iwa-water-and-development-congress-exhibition-2017/>) **email:** keith.robertson@iwahq.org or info@iwa-exhibitions.com

14 – 15 November 2017

INTRODUCTION TO THE UK WATER INDUSTRY COURSE

COVENTRY

This course is sponsored by the Institute of Water and Panton McLeod and provides an overview of the water and wastewater industry in the UK. It provides sector an understanding of all aspects of the water cycle, and the management and delivery of this essential service.

For further details visit the Institute of Water website:

(<https://www.instituteofwater.org.uk/events-info/580/>)

email: Ceris.vandevyver@pantonmcleod.co.uk

14 – 16 November 2017

HYDRO17: 25TH INTERNATIONAL HYDROGRAPHIC CONFERENCE AND EXHIBITION OF THE INTERNATIONAL FEDERATION OF HYDROGRAPHIC SOCIETIES (IFHS)

ROTTERDAM, THE NETHERLANDS

This conference is hosted by The Hydrographic Society Benelux (HSB). It will be held on SS Rotterdam, moored on the South bank of the Port of Rotterdam. Hydro17's theme 'Connecting 4D Future' aims to stretch our connection in space & time to disciplines relevant for Hydrography. It aims to provide insights, creative ideas and inspiration on how to cope with present hydrographic challenges and prepare us for a more sustainable future.

For further details visit the Hydro17 website:

(<https://hydro17.com/>)

email: Please use the contact form on the above website.

19 – 24 November 2017

5TH BIENNIAL SYMPOSIUM OF THE INTERNATIONAL SOCIETY FOR RIVER SCIENCE

HAMILTON, NEW ZEALAND

The 5th ISRS Symposium is being hosted by the University of Waikato in Hamilton, New Zealand, in collaboration with the Waikato River Authority (WRA) and the New Zealand Freshwater Sciences Society (NZFSS). It will provide a forum for sharing scientific and environmental knowledge underpinning management of rivers for multiple goals. The conference theme is 'integrating multiple values'.

Further information will be made available on the conference website: (<http://isrs2017.com/>)

email: lea@on-cue.co.nz

20 - 21 November 2017

EUROPEAN BIOSOLIDS & ORGANIC RESOURCES CONFERENCE & EXHIBITION

ROYAL ARMOURIES, LEEDS

This technical sludge event, organised by Aquaenviro, provides practitioners with an update on legislative changes; new technologies; best practice and site-experiences with existing technologies and an insight into relevant research in the science and engineering of biosolids and organic resources. Topical issues include: Water 2020, BREXIT, BREF, PR19, maximising energy production and new and innovative approaches to biosolids and organic resource management.

Further information will be made available on the Aqua Enviro or conference website:

(<http://www.aquaenviro.co.uk/events/conferences/biosolids-organic-resources-conference/>) (<http://european-biosolids.com/>)

email: clarehunter@aquaenviro.co.uk

21 - 22 November 2017

WATER 2017: The UK's Premier Water Conference

LONDON

This 10th Marketforce Water Conference will bring together senior executives from companies and regulators to address critical questions for the future profitability of the sector. Topics will include customer experience, infrastructure planning, the retail market and flood prevention.

For further details visit the Marketforce website:

(<http://www.marketforce.eu.com/events/water/water-2017>)

email: enquiries@marketforce.eu.com

22 November 2017

SWIG INNOVATION BROKERAGE WORKSHOP

UNIVERSITY OF BATH, BATH

This Sensors for Water Interest Group (SWIG) Innovation workshop is designed to bring together academic research groups and interested companies to identify potential technologies, collaboration, and exploitation opportunities in the area of sensor technologies developed for use in water.

For further details visit the SWIG website:

(<http://www.swig.org.uk/event/innovation-brokerage-workshop/>) **email:** rosa.richards@swig.org.uk

28 - 29 November 2017

MARITIME SPATIAL PLANNING: TRANSBOUNDARY COOPERATION IN THE CELTIC SEAS

LIVERPOOL

This SIMCelt project closing conference is aimed at stakeholders, practitioners, researchers and anyone involved in Maritime Spatial Planning (MSP) in the Celtic Seas and beyond. It will featuring interactive workshops and sessions on topics including results from the SIMCelt project and insights from other initiatives

For further details visit the SIMCelt website:

(<http://www.simcelt.eu/events/project-closing-event/>)

(<https://www.eventbrite.co.uk/e/maritime-spatial-planning-transboundary-cooperation-in-the-celtic-seas-tickets-34418148609>)

email: Charlotte Billingham cbilling@liv.ac.uk

30 November 2017

WWT 6TH ANNUAL WATER INDUSTRY TECHNOLOGY INNOVATION CONFERENCE: Driving Innovative Solutions in the Water Sector

BIRMINGHAM

This conference will provide attendees with the opportunity to hear how their peers are utilising game-changing technologies such as desalination, gasification and drones, and implementing innovative business strategies, with case studies and practical examples from across the sector.

For further details visit the WWT website:

(<http://events.wwtonline.co.uk/innovation/>)

email: rachael.cannon@fav-house.com

DECEMBER

6 December 2017

WORKING WITH NATURAL PROCESSES: The Evidence Behind Natural Flood Management

LEEDS

This CIWEM conference will launch the Environment Agency's 'Working with Natural Processes Evidence Base' which has been developed to help flood and coastal erosion risk management (FCERM) authorities understand, justify, develop and implement FCERM schemes with WWNP to reduce flood risk. It will also include presentations from a range of existing projects that have successfully implemented NFM measures on the ground, through effective partnerships, whilst drawing on a range of funding streams.

Further information will be made available on the CIWEM website: (<http://www.ciwem.org/events/working-with-natural-processes-the-evidence-behind-natural-flood-management-leeds/>) **email:** events@ciwem.org

7 December 2017

6TH ANNUAL WWT WATER SCOTLAND CONFERENCE & EXHIBITION

GLASGOW

This conference and exhibition will provide delegates with the opportunity to gain insight into the future development plans of Scottish Water, reflect on SR19 and hear the latest innovation case studies to benefit business. It is dedicated to the evolving needs of the Scottish water sector, bringing together more than 150 key stakeholders to share insights on a diverse array of water challenges including; innovation, resilience, the customer, asset management and capital delivery.

Further information will be made available on the WWT website: (<http://events.wwtonline.co.uk/scotland/>) **email:** rachael.cannon@fav-house.com

10 – 13 December 2017

8TH INTERNATIONAL YOUNG WATER PROFESSIONALS CONFERENCE: Building Leaders & Making Impact

CAPE TOWN, SOUTH AFRICA

This 8th IYWPC is arranged by the IWA in partnership with the Water Institute of Southern Africa (WISA) and the South African Young Water Professionals (YWP-ZA). It will include research presentations, skills development workshops, a "meet your employer" style Career Fair, and technical tours and will aim to challenge and equip Young Water Professionals to address the challenges faced in the water sector.

Further information will be made available on the conference website: (<http://iwaywpcconference.org/conference/>) **email:** IWAYWPCconference@iwahq.org

11 – 14 December 2017

BRITISH ECOLOGICAL SOCIETY ANNUAL MEETING 2017

GHENT, BELGIUM

The BES annual meeting includes a programme of plenary speakers, workshops and thematic topics covering a wide range of disciplines.

For further details visit the BES website: (<http://www.britishecologicalsociety.org/events/annual-meeting-2017/>) **email:** hello@britishecologicalsociety.org

24 – 25 December 2017

ICES 2017: 19TH INTERNATIONAL CONFERENCE ON ECOLOGICAL SUSTAINABILITY

DUBAI, UAE

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Ecological Sustainability.

Further information will be made available on the WASET website: (<https://www.waset.org/conference/2017/12/dubai/ICES>) **email:** info@waset.org

2018

JANUARY

3 – 5 January 2018

CHALLENGE OF SCIENCE LEADERSHIP COURSE

**THE MARINE STATION, PLYMOUTH UNIVERSITY,
COXSIDE, PLYMOUTH**

This course is run by the Barefoot Thinking Company and is delivered in conjunction with academic partner, Plymouth University Marine Institute. It aims to provide scientists, academics and professionals working in the environment and sustainability sectors with a toolkit to help them lead and facilitate effective innovation, communication and collaboration.

For further details visit the course website: (<http://www.scienceleadership.co.uk/index.html>) **email:** info@scienceleadership.co.uk

15 – 18 January 2018

INTERNATIONAL WATER SUMMIT 2018

ABU DHABI, UNITED ARAB EMIRATES

This conference is part of Abu Dhabi Sustainability Week 2018. It is a global platform for promoting water sustainability in arid regions and will focus on energy efficiency within the water cycle, major technological innovations, the major planned projects, energy-efficient desalination, reducing water loss and much more.

Further information will be made available on the summit website: (<http://www.internationalwatersummit.com/#/>) **email:** naji.haddad@reedexpo.ae

17 January 2018

6TH UTILITY WEEK WATER CUSTOMER CONFERENCE 2018

BIRMINGHAM

This conference is a dedicated event for domestic and non-household customer professionals in the UK water sector, providing tools to improve customer service and engagement. It will include an update on the vision for PR19.

Further information will be made available on the Utility Week website: (<http://events.utilityweek.co.uk/water/>) **email:** rachael.cannon@fav-house.com

17 – 18 January 2018**COASTAL FUTURES 2018****ROYAL GEOGRAPHIC SOCIETY, LONDON**

This will be the 25th anniversary of Coastal Futures which has become a key event for the marine and coastal community. It provides discussions on important developments and concerns in coastal and marine environments.

Further information will be made available on the conference website: (<http://coastal-futures.net/>)
email: bob.earll@coastms.co.uk

18 – 20 January 2018**ICEBE 2018: 4TH INTERNATIONAL CONFERENCE ON ENVIRONMENT AND BIO-ENGINEERING****TOKYO, JAPAN**

ICEBE 2018 aims to provide a platform for researchers, engineers, academicians as well as industrial professionals from all over the world to present their research results and development activities in environment and bio-engineering.

Further information will be made available on the conference website: (<http://www.icebe.org/>)
email: icebe@cbees.net

23 January 2018**PANG VALLEY FLOOD FORUM MEETING****PANGBOURNE VILLAGE HALL, PANGBOURNE, READING**

This is the quarterly meeting of The Pang Valley Flood Forum which was set up in January 2013 as a joint initiative by West Berkshire Council, the Environment Agency and Thames Water. The Forum is run by volunteers working collaboratively to reduce flood risk throughout the communities in the Pang Valley.

For further details visit the Forum website:
(<http://www.floodalleviation.uk/>)
email: pangvalleyfloodforum@gmail.com

31 January 2018**SWIG WATER & HEALTH WORKSHOP****BRISTOL**

This Sensors for Water Interest Group (SWIG) workshop held jointly with the Electroanalytical Sensing Systems Group of the Royal Society of Chemistry. It will have a keynote talk from Public Health England giving an overview of waterborne disease followed by presentations from companies and researchers showcasing the latest devices and sensor technologies that are able to rapidly detect microbiological and chemical contaminants.

For further details visit the SWIG website:
(<http://www.swig.org.uk/event/water-health-workshop/>)
email: info@swig.org.uk or use the contact form on the above website.

FEBRUARY**12 - 15 February 2018****SNOWHYDRO 2018: INTERNATIONAL CONFERENCE ON SNOW HYDROLOGY****UNIVERSITY OF HEIDELBERG, HEIDELBERG, GERMANY**

This conference is organized by the Professorship of Hydrology and Climatology at the Department of Geography, Heidelberg

University. It aims to present recent research findings in all areas of snow hydrology, to facilitate scientific discussions and to provide opportunities for collaboration and cooperation. On 15 February 2018 there will be an excursion to the Black Forest (snow cover development, snow monitoring, winter tourism, National Park etc.).

Further information will be made available on the University of Heidelberg website:
(<http://www.geog.uni-heidelberg.de/hydro/snow2018.html>)
email: snowhydro18@uni-heidelberg.de

15 – 16 February 2018**ICSWRM 2018: 20TH INTERNATIONAL CONFERENCE ON SUSTAINABLE WATER RESOURCES MANAGEMENT****LONDON**

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of sustainable water resources management.

Further information will be made available on the WASET website: (<https://www.waset.org/conference/2018/02/london/ICSWRM>) **email:** info@waset.org

15 - 16 February 2018**ICWRSD 2018: 20TH INTERNATIONAL CONFERENCE ON WATER RESOURCES SUSTAINABLE DEVELOPMENT****LONDON**

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Water Resources Sustainable Development.

Further information will be made available on the WASET website: (<https://www.waset.org/conference/2018/02/london/ICWRSD>)
email: info@waset.org

16 – 19 February 2018**STIWM 2018: INTERNATIONAL CONFERENCE ON SUSTAINABLE TECHNOLOGIES FOR INTELLIGENT WATER MANAGEMENT 2018****ROORKEE, INDIA**

This conference is organised by Department of Water Resources Development and Management - Indian Institute of Technology, Roorkee and Indian Water Resources Society (IWRS). It will provide an opportunity to policy makers, academicians, researchers, and students to share their experiences and knowledge by the presentation of fundamental/applied scientific advances made in the field of water resources engineering and management for sustainable development.

For further details visit the conference website:
(<http://www.iwrs.org.in/stiwm/>) **email:** secretaryiwrs@gmail.com

28 February – 1 March 2018

ICWMM: 51ST INTERNATIONAL CONFERENCE ON WATER MANAGEMENT MODELING

TORONTO, CANADA

ICWMM is organised by Computational Hydraulics International (CHI). It brings together professionals from around the world to exchange ideas on current practices and emerging technologies in water management. Emphasis is on state-of-the-art computer modeling for resolving water quantity and quality problems in stormwater, wastewater, watershed and water distribution systems.

For further details visit the conference website: (<https://www.icwmm.org/>) **email:** info@chiwater.com

MARCH

8 March 2018

WATER QUALITY: THE CHALLENGE OF DISTRIBUTING WATER VIA AGEING PIPES

BIRMINGHAM

This Aqua Enviro conference will consider the challenges to network operators of maintaining such high levels of service as water passes through ageing infrastructure and pipework.

Further information will be made available on the Aqua Enviro website: (<http://www.aquaenviro.co.uk/events/conferences/water-quality-challenge-distributing-water-via-ageing-pipes/>) **email:** clarehunter@aquaenviro.co.uk

18 – 21 March 2018

IWA BIOFILMS: GRANULAR SLUDGE CONFERENCE 2018

DELFT UNIVERSITY OF TECHNOLOGY, THE NETHERLANDS

Granular sludge offers a way to efficiently retain biomass and to intensify biological wastewater treatment processes. This conference aims to critically discuss the state-of-the-art of granular sludge and to anticipate future developments.

For further details visit the conference website: (<http://www.granularsludgeconference.org/>)
email: Mrs. Miranda Verhulst gsc-tnw@tudelft.nl

18 – 23 March 2018

8TH WORLD WATER FORUM

BRASILIA, BRAZIL

The 8th World Water Forum is organised by the World Water Council and will gather the experts, managers and organisations involved water issues all over the world. The online consultation will be open from February 2017 as an open platform for collaborating and influencing the Forum's discussions.

Further information will be made available on the World Water Forum website: (<http://www.worldwaterforum8.org/>) **email:** esecretariat@adasa.df.gov.br or use the contact form on the above website.

20 - 21 March 2018

THE FUTURE OF UTILITIES: The UK's Leading Energy & Water Summit

LONDON

This Marketforce conference will provide an opportunity to bring together leaders from across sectors to discuss new ideas, key issues and major changes that utilities are facing in

a fast changing world. Speakers from the water sector include Heide Mottram OBE, CEO Northumbrian Water and Cathryn Ross, Chief Executive Ofwat.

Further information will be made available on the Marketforce website: (<http://www.marketforce.eu.com/events/utilities-conference/future-of-utilities>)
email: enquiries@marketforce.eu.com

20 – 22 March 2018

FLOOD & COAST 2018

TELFORD, SHROPSHIRE

This conference and exhibition is led by the Environment Agency and organised by Trio (Events) Ltd. It attracts key stakeholders from the flood and coastal erosion risk management (FCRM) community to exchange a broad range of perspectives on innovation and best practices.

Further information will be made available on the conference website: (<http://www.floodandcoast.com>)
email: info@floodandcoast.com

22 March 2018

WORLD WATER DAY 2018

World Water Day is held annually on 22 March as a means of focusing attention on the importance of freshwater and advocating for the sustainable management of freshwater resources. The theme for 2018 is 'Nature-based Solutions for Water'.

Further information will be made available on the UN Water website: (<http://www.unwater.org/campaigns/world-water-day/en/>) **email:** unwater@un.org

23 – 24 March 2018

ICAIWM 2018: 20TH INTERNATIONAL CONFERENCE ON ADAPTIVE AND INTEGRATIVE WATER MANAGEMENT

PRAGUE, CZECH REPUBLIC

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of adaptive and integrative water management.

Further information will be made available on the WASET website: (<https://www.waset.org/conference/2018/03/prague/ICAIWM/home>)
email: info@waset.org

APRIL

10 – 12 April 2018

ASIAWATER 2018

KUALA LUMPUR, MALAYSIA

ASIAWATER is a platform that brings together the central government, industry, and the consumers to exchange ideas and experiences and obtain the latest technological advances in water supply, wastewater treatment and sanitation. The conference programme is designed to help participants find solutions to a variety of industry issues.

Further information will be made available on the ASIAWATER website: (<http://www.asiawater.org/>)
email: asiawater-my@ubm.com

16 – 18 April 2018

NEXUS: WATER, FOOD, ENERGY AND CLIMATE

**UNIVERSITY OF NORTH CAROLINA, CHAPEL HILL,
NORTH CAROLINA, USA**

This is the second Nexus Conference organised by The Water Institute at the University of North Carolina. The conference brings together scientists, academics, practitioners, and other stakeholders to focus on how the nexus approach can be used on local and international levels. It will include reviews of the implementation of the relevant SDGs that address nexus issues.

Further information will be made available on the UNC website: (<http://waterinstitute.unc.edu/conferences/nexus-2018/>) **email:** waterinstitute@unc.edu

17 – 18 April 2018

TWENTY65 CONFERENCE: BRINGING THE WATER SECTOR TOGETHER: Innovation through Collaboration to Secure a Sustainable Future

MANCHESTER

The annual TWENTY65 conference provides an opportunity for researchers, practitioners, water companies, technology developers, policy makers and regulators to network and learn together to help pave the way for a future that delivers sustainable clean water for all.

Further information will be made available on the Twenty65 website: (<https://twenty65.ac.uk/annual-conference>) **email:** twenty65@sheffield.ac.uk

19 – 20 April 2018

ICWRRED 2018: 20TH INTERNATIONAL CONFERENCE ON WATER RESOURCES AND RENEWABLE ENERGY DEVELOPMENT

BOSTON, USA

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of water resources and renewable energy development.

Further information will be made available on the WASET website: (<https://www.waset.org/conference/2018/04/boston/ICWRRED>) **email:** info@waset.org

21 April 2018

WORLD FISH MIGRATION DAY 2018

The World Fish Migration Day (WFMD) is a one day global-local event to create awareness on the importance of open rivers and migratory fish. It is coordinated by the World Fish Migration Foundation.

For further details visit the WFMD website: (<http://www.worldfishmigrationday.com/>) **email:** info@fishmigration.org

MAY

6 – 9 May 2018

FRIEND 2018: INTERNATIONAL CONFERENCE ON AFRICAN LARGE RIVER BASIN HYDROLOGY

BLIDA, ALGERIA

This Conference is organised under the UNESCO's FRIEND WATER program, within the International Hydrological Program. It will focus special attention to strategies for the sound management, rational use and protection of water resources, based on technical and scientific tools.

For further details visit the conference website: (<http://friend2018.ensh.dz/index.html>) **email:** friend2018.blida@ensh.dz

7 - 9 May 2018

WATER LOSS 2018

CAPE TOWN, SOUTH AFRICA

This biennial Water Loss conference and exhibition will be hosted by the IWA Water Loss Specialist Group, together with City Of Cape Town. It will discuss the latest developments, strategies, techniques and applications of international best practices in Non-Revenue Water Management.

Further information will be made available on the event website: (<https://www.eiseverywhere.com/ehome/251759&internal=1>) **email:** Kgomotso Molefi info@waterloss2018.com

8 – 10 May 2018

RSHS'18: REMOTE SENSING & HYDROLOGY SYMPOSIUM (ICRS-IAHS)

ANDALUSIAN INSTITUTE FOR EARTH SYSTEM RESEARCH (IISTA), UNIVERSITY OF CORDOBA, SPAIN

RSHS'18 is a meeting point for researchers from both the hydrology and remote sensing communities, and brings together their joint experience in Earth Observation for developing innovative and environmentally-sustainable water resources and basin management. The theme is 'Earth Observation for Integrated Water and Basin Management: New possibilities and challenges for adaptation to a changing environment'.

For further details visit the IAHS website: (<http://iahs.info/uploads/Meetings/RSHS18.pdf>) **email:** Prof. María J. Polo mjpolo@uco.es

11 – 12 May 2018

ICWM 2018: 20TH INTERNATIONAL CONFERENCE ON WATER MANAGEMENT

MONTREAL, CANADA

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the field of water management.

Further information will be made available on the WASET website: (<https://www.waset.org/conference/2018/05/montreal/ICWM>) **email:** info@waset.org

11 – 12 May 2018

ICWSFSWM 2018: 20TH INTERNATIONAL CONFERENCE ON WATER, SANITATION, FOOD SECURITY AND WASTE MANAGEMENT

MONTREAL, CANADA

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of water, sanitation, food security and waste management.

Further information will be made available on the WASET website: (<http://waset.org/conference/2018/05/montreal/ICWSFSWM>) **email:** info@waset.org

14 – 18 May 2018

IFAT: WORLD'S LEADING TRADE FAIR FOR WATER, SEWAGE, WASTE AND RAW MATERIALS MANAGEMENT

MUNICH, GERMANY

IFAT is organised by Messe München as a showcase for strategies and new solutions in water, sewage, waste and raw materials management.

Further information will be made available on the IFAT website: (<http://www.ifat.de/index-2.html>) **email:** info@ifat.de

15 – 18 May 2018

6TH EWA/JSWA/WEF JOINT CONFERENCE: THE RESILIENCE OF THE WATER SECTOR

MUNICH, GERMANY

This joint conference will explore ways in which the sector in its broadest terms is developing resilient systems, assets, and operations so that business continuity risk is well managed in the face of adverse conditions. The intention is to share experience from across the world covering: real life examples of lessons learned from major events; good response and recovery practices; and current activities that are strengthening resilience.

Further information will be made available on the conference website: (<https://www.resilience-conference2018.com/>) **email:** Boryana Dimitrova secretariat@resilience-conference2018.com

18 – 19 May 2018

ICWEEM 2018: 20TH INTERNATIONAL CONFERENCE ON WATER, ENERGY AND ENVIRONMENTAL MANAGEMENT

PARIS, FRANCE

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of water, energy and environmental management.

Further information will be made available on the WASET website: (<http://waset.org/conference/2018/05/montreal/ICWSFSWM>) **email:** info@waset.org

22 – 23 May 2018

UTILITY WEEK LIVE 2018: New Models: New Markets

NEC, BIRMINGHAM

This industry exhibition for water, electricity and gas is organised by Faversham House and co-located with edie Live. The Keynote conference 'Driving Transformation & Flexibility in the Utility Sector' will explore new models of leadership and business strategies for future utilities markets. It will provide updates on the progress of the smart meter rollout and lessons learnt from retail market opening in the water sector.

For further information visit the Utility Week Live website: (<http://www.utilityweeklive.co.uk/>) **email:** rachaellyon@fav-house.com

22 – 24 May 2018

WATER POLLUTION 2018: 14TH International Conference on Monitoring, Modelling and Management of Water Pollution

A CORUÑA, SPAIN

This Wessex Institute conference provides a forum for discussion amongst scientists, managers and academics from different areas of water contamination. Topics include: water contamination; water management; wastewater management; flood damage; freshwater quality; water reuse; and many others.

Further information will be made available on the Wessex Institute website: (<http://www.wessex.ac.uk/conferences/2018/water-pollution-2018>) **email:** Irene Moreno Millan imoreno@wessex.ac.uk

23 – 25 May 2018

FRIAR 2018: 6TH International Conference on Flood and Urban Water Management

A CORUÑA, SPAIN

FRIAR 2018 is organised by Wessex Institute and Birmingham City University. The conference seeks to develop an improved understanding of emerging flood risk management and urban water management challenges, drawing on the expertise of numerous disciplines. It provides a forum for the development of innovative solutions that can help bring about multiple benefits toward achieving integrated flood risk and urban water management strategies and policy.

Further information will be made available on the Wessex Institute website: (<http://www.wessex.ac.uk/conferences/2018/friar-2018>) **email:** Irene Moreno Millan imoreno@wessex.ac.uk

23 – 25 May 2018

SMICE 2018: SLUDGE MANAGEMENT IN CIRCULAR ECONOMY

ROME, ITALY

This event is part of the IWA Specialist Group on Sludge Management (SGSM) conference series, conceived as an international forum discussing state-of-art, practical applications and problems around sewage sludge. It will look at policy in sludge management and the adoption of new strategies and politics to maximize waste recycling.

For further details visit the IWA or conference website: (<http://www.iwa-network.org/events/sludge-management-in-circular-economy/>) (<http://smice2018.com/>) **email:** water@iwahq.org

JUNE

4 – 8 June 2018

I.S. RIVERS: 3RD INTERNATIONAL CONFERENCE: Integrative Sciences and Sustainable Development of Rivers

LYON, FRANCE

This international conference is organised by the GRAIE and ZABR. It will allow scientists, river managers, consultants, and operational stakeholders from Europe and from all over the world to learn about the complexity and diversity of rivers and share their experiences in terms of research and actions. Particular consideration is given to the integration of physical, ecological and social perspectives of the different stakeholders involved in river management.

Further information will be made available on the GRAIE website: (http://www.graie.org/ISRivers/a_index.htm)
email: Sarah Scarrott isrivers@graie.org

6 – 8 June 2018

PROTECTIONS 2018: 3RD International Conference on Protection Against Overtopping GRANGE-OVER-SANDS, CUMBRIA

This conference, organised by HR Wallingford, will bring together leading experts concerned with research and advancements in measures in overtopping protection as a solution for overtopping concerns at levees, dams and seawalls. It will be followed by a technical tour of the Lake District including some of the impressive dams which can be found there.

For further details visit the conference website: (<http://www.protections2018.org>)
email: training@hrwallingford.com or use the contact form on the above website.

11 – 14 June 2018

ACE18: AWWA ANNUAL CONFERENCE & EXPOSITION

LAS VEGAS, USA

This conference and trade fair is organised by the American Water Works Association and provides a gathering of water professionals to discuss solutions to the complex challenges facing the water industry.

Further information will be made available on the AWWA website: (<http://www.awwa.org/conferences-education/conferences/annual-conference.aspx>)
(<http://www.awwa.org/conferences-education/events-calendar.aspx?q=ace&partialfields=type:annual%2bmeeting&resultsperpage=10&sd=2013-08-12>) email: service@awwa.org or use the contact form on the above website

13 – 15 June 2018

8TH INTERNATIONAL WATER RESOURCES MANAGEMENT CONFERENCE OF ICWRS

BEIJING, CHINA

This conference, part of the series of IWRM conferences organized by IAHS-ICWRS, is focused on the innovative and integrated management of water resources. The theme is 'Innovative Water Resources Management under Changing Environment – Understanding Interactions and Making Balance between Humankind and Nature'.

For further details visit the conference website: (<http://iwr2018.bnu.edu.cn/>) email: iwr2018@bnu.edu.cn

20 – 22 June 2018

ENVIRONMENTAL IMPACT 2018: 4TH International Conference on Environmental and Economic Impact on Sustainable Development

NAPLES, ITALY

This Wessex Institute conference will provide an international forum to discuss the most serious problems affecting sustainable development. It will consider the impact of economic constraints on the environment, taking into account the social aspects as well as the over-use of natural resources. Topics include: environmental policies and planning; natural resources management; ecosystems health; soil contamination; water resources management; sustainable cities; and many others.

Further information will be made available on the Wessex Institute website: (<http://www.wessex.ac.uk/conferences/2018/environmental-impact-2018>)
email: Irene Moreno Millan imoreno@wessex.ac.uk

25 – 26 June 2018

ICWPC 2018: 20TH INTERNATIONAL CONFERENCE ON WATER POLLUTION AND CONTROL

PARIS, FRANCE

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of water pollution and control.

Further information will be made available on the WASET website: (<http://waset.com/conference/2018/06/paris/ICWPC>) email: info@waset.org

25 – 28 June 2018

EMCON2018: 6TH INTERNATIONAL CONFERENCE ON EMERGING ENVIRONMENTAL CONTAMINANTS

OSLO, NORWAY

This conference is organised by EmCon and the Norwegian Institute for Water Research (NIVA) to bring together scientists to present and discuss the latest research on all aspects of emerging contaminants. It will cover sources and exposure pathways, treatment processes and technologies, sampling, analytical methods and approaches, effects in aquatic and terrestrial environments, risk assessment and management and the regulations and policy.

Further information will be made available on the conference website: (<https://emcon2018.no/>)
email: Please use the contact form on the above website.

JULY

1 – 6 July 2018

HIC 2018: 13TH INTERNATIONAL CONFERENCE ON HYDROINFORMATICS: Water and Environmental Challenges in a Changing World

PALERMO, ITALY

This IAHR/IWA Joint Committee on Hydroinformatics conference is hosted by the University of Palermo as a forum for exchanging ideas, promoting ground-breaking

technologies, proposing new extensive collaborations, and finding new solutions for water management. Themes will be: Technologies for Water Management and Monitoring; remote sensing; big-data, knowledge and water data management; hydraulic and hydrological modelling; climate change impacts; environmental and coastal hydroinformatics.

Further information will be made available on the

conference website: (<https://www.hic2018.org/>)

(http://www.gii-idraulica.net/files/Call%20for%20sessions_HIC2018.pdf) **email:** info@hic2018.org

8 – 12 July 2018

7TH SINGAPORE INTERNATIONAL WATER WEEK

SINGAPORE

SIWW is organised by Singapore International Water Week Pte Ltd. It will gather stakeholders from the global water industry to share best practices and showcase the latest technologies. The main sectors include catchment management, clean transport, climate change and flood control, sanitation, sludge handling and treatment, waste control and management, wastewater collection and treatment, and water distribution, treatment and reuse. The Water Convention welcomes water practitioners and leaders to share their best practices, strategies and applied technological solutions.

Further information will be made available on the SIWW

website: (<http://www.siww.com.sg/>) (<http://www.siww.com.sg/water-convention>) **email:** info@siww.com.sg

AUGUST

19 – 24 August 2018

ISE 2018: 12TH INTERNATIONAL SYMPOSIUM ON ECOHYDRAULICS

TOKYO, JAPAN

This symposium will jointly be convened by the International Association for Hydro-Environment Engineering and Research (IAHR) and International Society for River Science (ISRS). It aims to bridge the knowledge gap between hydraulics and biological systems in Hydro-Environment. The major themes are: aquatic biota movements; e-flows, i.e. environmental, instream or ecological flow regimes; and lake and river habitat restoration.

For further details visit the symposium website:

(<http://ise2018.com/>) **email:** Please use the contact form on the above website.

20 – 21 August 2018

ICAIWM 2018: 20TH INTERNATIONAL CONFERENCE ON ADAPTIVE AND INTEGRATIVE WATER MANAGEMENT

LONDON

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform for the presentation of new advances and research results in the fields of Adaptive and Integrative Water Management.

Further information will be made available on the

WASET website: (<https://waset.org/conference/2018/08/london/ICAIWM/call-for-papers>) **email:** info@waset.org

SEPTEMBER

2 – 5 September 2018

21ST CONGRESS OF ASIA PACIFIC DIVISION OF INTERNATIONAL ASSOCIATION FOR HYDRO-ENVIRONMENT ENGINEERING AND RESEARCH (IAHR-APD): Multi-Perspective Water for Sustainable Development

YOGYAKARTA, INDONESIA

This congress aims to share Hydro-Environment related knowledge and experiences. Sub-themes include: river and river basin engineering and management - river hydraulics; port, harbours, coastal engineering and management; environmental hydraulics and hydrology; irrigation, water supply and sanitation; water resources; hydroinformatics; and others.

Further information will be made available on the

congress website: (<http://iahrapd2018.ugm.ac.id/>)

email: radianta@ugm.ac.id

5 – 7 September 2018

WATEF CONFERENCE 2018

UNIVERSITY OF AVEIRO, PORTUGAL

This is the first international conference organised by the Water Efficiency Network (WATEF). The conference theme is 'The Future of Water in Europe: Local, Regional and Global Best Practice'. It will include a special session 'Resilience through cooperation and innovation'.

Further information will be made available on the

WATEF or Institute of Water website:

(<https://www.watefnetwork.co.uk/conference>)

(<https://www.instituteofwater.org.uk/events-info/645/>)

email: info@watefnetwork.co.uk

5 - 8 September 2018

RIVER FLOW 2018: 9TH INTERNATIONAL CONFERENCE ON FLUVIAL HYDRAULICS

LYON-VILLEURBANNE, FRANCE

River Flow 2018 is organised by the International Association for Hydro-Environment Engineering and Research (IAHR). It will focus on the latest findings in the field of fluvial hydraulics, addressing fundamental issues related to fluid processes of sediments and pollutants in rivers. More practical issues related to river morphodynamics, river restoration, and river interaction with structures will be discussed.

For further information visit the conference website:

(<https://riverflow2018.irstea.fr/>) **email:** riverflow2018@irstea.fr

10 - 12 September 2018

WORLD CANALS CONFERENCE 2018

ATHLONE, REPUBLIC OF IRELAND

WCC 2018 is hosted by Waterways Ireland and the Inland Waterways Association of Ireland. It will look at regeneration projects on inland waterways and the re-imagining of the waterways as linear parks & amenity spaces to cater for all lovers of water.

For further information visit the conference website:

(<http://wccireland2018.com/>)

email: WCC2018@conferencepartners.ie

16 - 21 September 2018

IWA WORLD WATER CONGRESS & EXHIBITION 2018: Shaping Our Water Future

TOKYO, JAPAN

This global event for water professionals offers new insights into how pioneering science, technological innovation and leading practices shape the major transformation in water management that is underway.

Further information will be made available on the IWA website: (<http://www.iwa-network.org/news/tokyo-2018-first-announcement/>) **email:** water@iwahq.org

24 – 25 September 2018

ICWRM 2018: 20TH INTERNATIONAL CONFERENCE ON WATER RESOURCES MANAGEMENT

DUBAI, UAE

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Water Resources Management.

Further information will be made available on the WASET website: (<https://waset.org/conference/2018/09/dubai/ICWRM/home>) **email:** info@waset.org

29 September – 3 October 2018

WEFTEC 2018

NEW ORLEANS, LA, USA

WEFTEC, the Water Environment Federation's Annual Technical Exhibition and Conference, provides an exhibition and technical program giving access to the field's cutting-edge information, technologies, services, and networking.

Further details will be made available on the WEFTEC website: (<http://www.weftec.org/>) **email:** Please use the contact form on the above website.

OCTOBER

15 – 19 October 2018

17TH WORLD LAKE CONFERENCE

KASUMIGAURA, IBARAKI, JAPAN

WLC 2018 is organised by the International Lake Environment Committee (ILEC) for multi-sectoral participants (i.e., academia, government, citizens, NGOs and enterprises) to exchange their views and experiences on the sustainable management of lakes and their basins. The main theme will be 'Harmonious coexistence of humans and lakes - toward sustainable ecosystem services'.

Further information will be made available on the ILEC or conference website: (<http://www.ilec.or.jp/en/wlc>) (<http://www.pref.ibaraki.jp/seikatsukankyo/kantai/kasumigaura/wlcn.html>) **email:** infoilec@ilec.or.jp

NOVEMBER

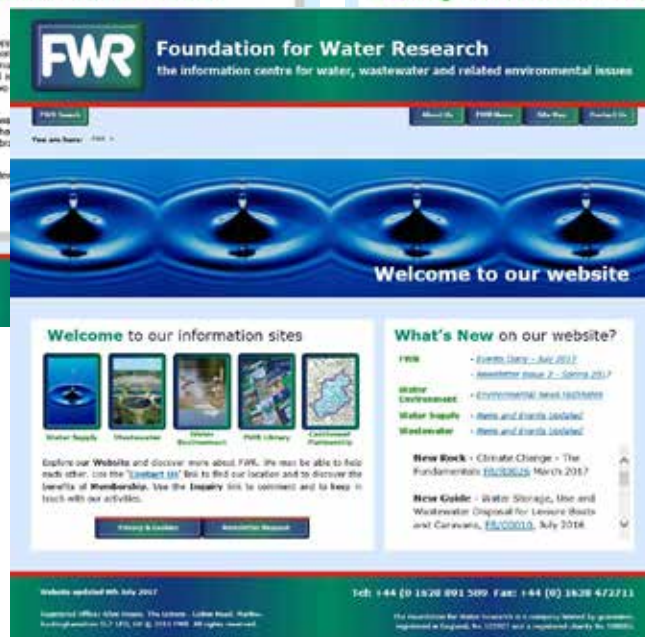

21 – 22 November 2018

WWEM 2018: 8TH INTERNATIONAL CONFERENCE AND EXHIBITION ON WATER, WASTEWATER & ENVIRONMENTAL MONITORING

TELFORD

WWEM is a specialised biennial event focused on measurement, testing and analysis for the water and wastewater and environmental industry. There will be a conference and exhibition and also workshops on case studies, problem solving, new technologies and new applications.

Further information will be made available on the WWEM website: (<http://www.wwem.uk.com/>) **email:** info@wwem.uk.com

Visit our FWR website

The Foundation for Water Research website has five information areas:

1. Water Supply
2. Wastewater
3. Water Environment
4. FWR Library
5. Catchment Partnership

www.fwr.org

What does the FWR Website provide?

- Access to a free comprehensive website including information notes, technical reports and publications.
- Quarterly FWR Newsletters, and also frequently updated FWR Events Diary and Environmental News Highlights.
- Information about water supply, wastewater, WFD and integrated river basin management, the South Chilterns Catchment Partnership, and water related publications.
