

**MAY****26 – 28 May 2018****CRICK BOAT SHOW 2018****CRICK MARINA, CRICK, NORTHAMPTONSHIRE**

This Boat Show and Inland Waterways Festival is organised by Waterways World in partnership with the Canal & River Trust and Crick Marina. As well as showcasing the inland waterways industry, the Crick Boat Show will offer family entertainment including boat trips, live music and a variety of food and drink stalls.

**FWR will have a stand at this event and we welcome you to visit us.**

**For further details visit the show website:**

(<http://www.crickboatshow.com/>)

**email:** [subscriptions@wwoonline.co.uk](mailto:subscriptions@wwoonline.co.uk)

**27 – 31 May 2018****15<sup>TH</sup> IWA LEADING EDGE CONFERENCE ON WATER AND WASTEWATER TECHNOLOGIES: Technological Innovations for Improving Water Security****NANJING, CHINA**

The LET conference is organised by the International Water Association and Nanjing University. It is where new insights into how pioneering science, technological innovation and leading practices shape the major transformation in water management that is underway.

**For further details visit the conference website:**

(<http://iwa-let.org/>) **email:** [let@iwahq.org](mailto:let@iwahq.org)

**JUNE****1 – 3 June 2018****BEALE PARK BOAT & OUTDOOR SHOW 2018****BEALE PARK, LOWER BASILDON, READING, BERKSHIRE**

This event is set around a lake beside the River Thames. There are plans for many exciting features including free seminars, boating experiences and land based activities for all visitors, of all ages. It will include outdoor pursuits, live music, boat rides and a new vintage vehicle show.

**For further details visit the show website:**

(<http://www.bealeparkboatandoutdoorshow.co.uk/>)

**email:** [info@bealeparkboatandoutdoorshow.co.uk](mailto:info@bealeparkboatandoutdoorshow.co.uk)

**3 – 7 June 2018****EWRI WORLD ENVIRONMENTAL & WATER RESOURCES CONGRESS: Protecting and Securing Water and the Environment for Future Generations****MINNEAPOLIS, MINNESOTA, USA**

This congress of the Environmental & Water Resources Institute (EWRI) of the American Society of Civil Engineers (ASCE) will be a platform for environmental and water resource professionals to discuss the latest topics in water resources. It will include short courses, technical sessions and networking opportunities.

**Further information is available on the congress**

**website:** (<https://www.ewricongress.org/>)

**email:** Mark Gable [mgable@asce.org](mailto:mgable@asce.org)

**3 – 7 June 2018****CMWR 2018: COMPUTATIONAL METHODS IN WATER RESOURCES XXII: Bridging Gaps between Data, Models, and Predictions****SAINT MALO, FRANCE**

CMWR 2018 is organised by the University of Rennes. It will present cutting-edge science on modeling in water resources and wishes to address emerging challenges and opportunities to bridge gaps between data, models and predictions.

**For further details visit the conference website:**

(<http://cmwrconference.org/>)

**email:** Please use the contact form on the above website.

**4 – 8 June 2018****I.S. RIVERS: 3<sup>RD</sup> INTERNATIONAL CONFERENCE: Integrative Sciences and Sustainable Development of Rivers****LYON, FRANCE**

This international conference is organised by the GRAIE and ZABR. It will allow scientists, river managers, consultants, and operational stakeholders from Europe and from all over the world to learn about the complexity and diversity of rivers and share their experiences in terms of research and actions. Particular consideration is given to the integration of physical, ecological and social perspectives of the different stakeholders involved in river management.

**Further information is available on the GRAIE website:**

([http://www.graie.org/ISRivers/a\\_index.htm](http://www.graie.org/ISRivers/a_index.htm))

**email:** Sarah Scarrott [isrivers@graie.org](mailto:isrivers@graie.org)

## 5 June 2018

### CEDA: DREDGING IN SCOTLAND: A Review and Looking Forward

**ABERDEEN MARITIME MUSEUM, ABERDEEN**

The Central Dredging Association (CEDA) are holding their spring seminar in Scotland and have brought together a distinguished panel of speakers to make presentations on behalf of ports, canals, regulators and developers on dredging and related topics. The presentations will primarily be Scotland-focused but will be informative for anyone with links to the dredging industry.

**For further details visit the ICE website:**

(<https://www.ice.org.uk/events/dredging-in-scotland-a-review>) **email:** [societyevents@ice.org.uk](mailto:societyevents@ice.org.uk)

## 6 June 2018

### WATER FOR OUR PEOPLE AND PLANET

**NORWICH**

This conference is organised by the Anglian Centre for Water Studies, a partnership between Anglian Water and the University of East Anglia. It aims to bring industry experts, academics and policy makers together to showcase how they are driving forward innovation and informing policy to safeguard our water supplies and services. Topics include climate change, customer behaviour, natural capital, environmental pollution and water pricing.

**For further details visit the Anglian Centre for Water Studies or Eventbrite website:**

(<http://www.acwaterstudies.org/events/>)  
(<https://waterforourpeopleandplanet.eventbrite.co.uk>)  
**email:** Vittoria Danino [info@acwaterstudies.org](mailto:info@acwaterstudies.org)

## 6 June 2018

### MEDIN WORKSHOP

**THE CROWN ESTATE, LONDON**

This Marine Environmental Data & Information Network (MEDIN) free workshop aims to improve the uptake, knowledge and use of MEDIN Data Guidelines and the MEDIN Discovery Metadata Standard (and associated tools).

**For further details visit the MEDIN website:**

([http://www.oceannet.org/marine\\_data\\_standards/workshops.html](http://www.oceannet.org/marine_data_standards/workshops.html))  
**email:** Sean Gaffney [sgaf@bodc.ac.uk](mailto:sgaf@bodc.ac.uk)

## 6 – 7 June 2018

### 2<sup>ND</sup> WATER JPI CONFERENCE: EMERGING POLLUTANTS IN FRESHWATER ECOSYSTEMS

**HELSINKI, FINLAND**

This international conference aims to attract experts in emerging pollutants to meet and discuss common challenges and share their recent discoveries and knowledge. Topics include development of analysis and detection systems, water treatment opportunities, impacts of wastewater reuse on human health, new water management practices and risk predictions.

**For further details visit the Academy of Finland**

**website:** (<http://www.aka.fi/waterjpi2018>)  
**email:** [laura.forsstrom@aka.fi](mailto:laura.forsstrom@aka.fi)

## 6 – 8 June 2018

### PROTECTIONS 2018: 3<sup>RD</sup> International Conference on Protection Against Overtopping

**GRANGE-OVER-SANDS, CUMBRIA**

This conference, organised by HR Wallingford, will bring together leading experts concerned with research and advancements in measures in overtopping protection as a solution for overtopping concerns at levees, dams and seawalls. It will be followed by a technical tour of the Lake District including some of the impressive dams which can be found there.

**For further details visit the conference website:**

(<http://www.protections2018.org>)

**email:** [info@protections2018.org](mailto:info@protections2018.org) or use the contact form on the above website.

## 7 June 2018

### DRINKING WATER 2018: Developments in Water Quality, Treatment & Distribution

**LONDON**

This technical seminar, held in association with CIWEM's Water Supply and Quality Panel, will share new information and experiences on topics relating to water reuse, drinking water treatment, controlling risks in the network and the impact of microplastics on treatment and delivery of water to customers.

**For further details visit the CIWEM website:**

(<http://www.ciwem.org/events/drinking-water-2018-developments-in-water-quality-treatment-distribution/>)  
**email:** [events@ciwem.org](mailto:events@ciwem.org)

## 7 June 2018

### IMPROVING WATER QUALITY: Tackling the Causes of Pollution and Promoting Sustainable Solutions

**BRUSSELS, BELGIUM**

With the Water Framework Directive due to undergo a review in 2019, this Public Policy Exchange symposium will bring experts, policy-makers, practitioners, business representatives and innovators to exchange ideas, promote alternative thinking and reflect on the most viable solutions for the protection of water. The participants will assess the efficiency of European practices and regulations on regional and national levels and will share the good practices from their fields.

**For further details visit the Public Policy Exchange**

**website:** (<http://www.publicpolicyexchange.co.uk/events/IF07-PPE2?ss=em&tg=1a>)  
**email:** [info@publicpolicyexchange.co.uk](mailto:info@publicpolicyexchange.co.uk)

## 11 – 13 June 2018

### ESPC3: 3<sup>RD</sup> EUROPEAN SUSTAINABLE PHOSPHORUS CONFERENCE 2018

**HELSINKI, FINLAND**

This conference will present and assess integration of phosphorus and other nutrients into EU policies since the publication of the EU Consultative Communication on Sustainable Use of Phosphorus (2013), enable dialogue with industry and stakeholders concerning future policies and see success stories from companies and environmental management.

**For further details visit the Phosphorus Platform**

**website:** (<https://phosphorusplatform.eu/esp3-2018>)  
**email:** [eero.jalava@bsag.fi](mailto:eero.jalava@bsag.fi)

## 11 – 13 June 2018

### NORDIWA 2018: 11<sup>TH</sup> NORDIC DRINKING WATER CONFERENCE

#### OSLO, NORWAY

This conference aims to you up to date on the latest knowledge in the Nordic water sector. The plenary and poster sessions will highlight upcoming issues and the workshops will address current issues and topics that require in-depth discussion, in combination with knowledge sharing and experience from different countries.

**For further details visit the conference website:**  
(<https://nordiwa.no/>) **email:** [kjetil.furuberg@norsk vann.no](mailto:kjetil.furuberg@norsk vann.no)

## 11 – 14 June 2018

### ACE18: AWWA ANNUAL CONFERENCE & EXPOSITION

#### LAS VEGAS, USA

This conference and trade fair is organised by the American Water Works Association and provides a gathering of water professionals to discuss solutions to the complex challenges facing the water industry.

**Further information is available on the AWWA website:**  
(<http://www.awwa.org/conferences-education/conferences/annual-conference.aspx>)  
(<http://www.awwa.org/conferences-education/events-calendar.aspx?q=ace&partialfields=type:annual%2bmeeting&resultsperpage=10&sd=2013-08-12>) **email:** [service@awwa.org](mailto:service@awwa.org) or use the contact form on the above website

## 11 – 15 June 2018

### IWA REGIONAL CONFERENCE ON WATER REUSE AND SALINITY MANAGEMENT

#### MURCIA, SPAIN

This conference will address the problem of water scarcity induced by climate change in arid and semiarid areas, the use of non-conventional water sources in agriculture and the risk of agricultural land and groundwater salinization in areas where aquifers are significantly depleted.

**For further details visit the IWA or conference website:**  
(<http://www.iwa-network.org/events/iwa-regional-conference-on-water-reuse-and-salinity-management/>)  
(<http://iwaresa.com/>) **email:** [info@iwaresa.com](mailto:info@iwaresa.com)

## 12 June 2018

### WWT WATER INDUSTRY ENERGY CONFERENCE 2018: Driving Cost-Effective Energy Management in Water

#### BIRMINGHAM

This WWT event is aimed at water industry professionals tasked with managing and generating energy and building sustainability and resilience into their businesses. The conference will assess how the regulatory agenda is affecting energy efficiency plans, analyse the business benefits of DSR, storage and biofuels, as well as behaviour change strategies and prepare you for ESOS Phase 2.

**For further details visit the WWT website:**  
(<https://event.wwtonline.co.uk/energy/>)  
**email:** [carla.staden@fav-house.com](mailto:carla.staden@fav-house.com)

## 12 – 14 June 2018

### CHALLENGE OF SCIENCE LEADERSHIP TRAINING COURSE

#### THE MARINE STATION, PLYMOUTH UNIVERSITY, PLYMOUTH

CSL is run by the Barefoot Thinking Company and is delivered in conjunction with academic partner, Plymouth University Marine Institute. The aim of the course is to provide scientists, academics and professionals working in the environment and sustainability sectors with a toolkit to help them lead and facilitate effective innovation, communication and collaboration.

**For further details visit the CSL or Eventbrite website:**  
(<https://www.scienceleadership.co.uk/dates-and-registration/>)  
(<https://www.eventbrite.co.uk/e/the-challenge-of-science-leadership-training-course-tickets-42414832907>)  
**email:** [info@barefoot-thinking.com](mailto:info@barefoot-thinking.com)

## 12 – 14 June 2018

### 5<sup>TH</sup> IAHR EUROPE CONGRESS: NEW CHALLENGES IN HYDRAULIC RESEARCH AND ENGINEERING

#### TRENTO, ITALY

This International Association for Hydro-Environment Engineering and Research congress provides a forum for the hydraulic community and congress deals with traditional themes linked to water (hydraulics, hydrology, fluids mechanics and hydraulic constructions) and also with frontiers themes between fluid mechanics/hydraulics and others disciplines, i.e. morphology and ecohydraulics, the ecology of aquatic environments, biofluids, new strategies of defense against extreme events and the effects of climate change.

**For further details visit the IAHR or University of Trento website:** (<https://www.iahr.org/site/cms/contentcategoryview.asp?category=82>)  
(<http://events.unitn.it/en/iahr2018>)  
**email:** [iahr2018@unitn.it](mailto:iahr2018@unitn.it)

## 13 June 2018

### CIWEM RIVERS & COASTAL GROUP CONFERENCE 2018: RIPPING UP THE RULE BOOK: Regeneration, Infrastructure and Delivering Flood & Coastal Erosion Risk Management

#### LEEDS

The 2018 CIWEM Rivers & Coastal Group Conference will bring together professionals from across the industry to explore the symbiotic opportunities between flood and coastal erosion risk management (FCERM), regeneration and infrastructure development.

**For further details visit the CIWEM website:**  
(<http://www.ciwem.org/events/ripping-up-the-rule-book-regeneration-infrastructure-and-delivering-flood-coastal-erosion-risk-management/>) **email:** [sophie@ciwem.org](mailto:sophie@ciwem.org)

**13 June 2018**

## **BRITISH WATER AGM & ANNUAL LUNCH**

**STAMFORD BRIDGE STADIUM, LONDON**

This networking event is an occasion for members and guests of British Water to meet existing and new contacts and promote their business to key industry figures.

**For further details visit the British Water website:**

(<http://www.britishwater.co.uk/events/british-water-annual-lunch-wednesday-13th-june-2018-358.aspx>)

**email:** [info@britishwater.co.uk](mailto:info@britishwater.co.uk)

**13 - 14 June 2018**

## **WATER INNOVATION EUROPE 2018: The Road Towards a Water-Smart Society: Overcoming the Water Challenges of the Future**

**BRUSSELS, BELGIUM**

This WssTP (Water Supply and Sanitation Technology Platform) annual conference brings together all the aspects of the sector: scientists and technology developers, utility representatives, large water users, European and national/regional policy makers and finance experts. Water Innovation Europe offers an open platform for information gathering and networking among the most influential stakeholders from within and beyond the water sector.

**For further details visit the conference website:**

(<https://waterinnovationeurope.eu/>)

**email:** [wsstp@wsstp.eu](mailto:wsstp@wsstp.eu)

**13 – 15 June 2018**

## **8<sup>TH</sup> INTERNATIONAL WATER RESOURCES MANAGEMENT CONFERENCE OF ICWRS**

**BEIJING, CHINA**

This conference, part of the series of IWRM conferences organized by IAHS-ICWRS, is focused on the innovative and integrated management of water resources. The theme is 'Innovative Water Resources Management under Changing Environment – Understanding Interactions and Making Balance between Humankind and Nature'.

**For further details visit the conference website:**

(<http://iwrms2018.bnu.edu.cn/>) **email:** [iwrms2018@bnu.edu.cn](mailto:iwrms2018@bnu.edu.cn)

**14 June 2018**

## **FUTURE PROSPECTS FOR THE WATER MARKET AND DEVELOPMENT TOWARDS PR19**

**LONDON**

This Westminster Energy, Environment & Transport Forum Keynote Seminar will provide an opportunity to discuss the next steps for water market reform. The agenda also examines ways to develop resilience in the water network, with long-term challenges around sustainability and climate change, and for fostering innovation.

**For further details visit the Westminster Forum**

**Projects website:** (<http://www.westminsterforumprojects.co.uk/conference/water-market-18>)

**email:** [info@forumsupport.co.uk](mailto:info@forumsupport.co.uk)

**14 June 2018**

## **WATER & THE CIRCULAR ECONOMY**

**LIVERPOOL**

This British Water event will be hosted at the 2018 International Business Festival. It will explore the interplay between Water & Food, Water & Energy and Water & Waste to identify the key drivers and challenges for a circular economy and the range of solutions that could be adopted. The agenda includes case studies, a review of innovative solutions and roundtable discussions. The Keynote speaker will be Geoffrey Smith, Managing Director, ING Bank.

**For further details visit the British Water website:**

(<http://www.britishwater.co.uk/events/water--the-circular-economy-international-business-festival-2-360.aspx>)

**email:** [events@britishwater.co.uk](mailto:events@britishwater.co.uk)

**14 – 15 June 2018**

## **SOIL SCIENCE 2018: 2<sup>ND</sup> ANNUAL CONGRESS ON SOIL AND WATER SCIENCES: New Strategies and Approaches in Soil and Water Resources to Effective Adaptability on Earth**

**DUBLIN, REPUBLIC OF IRELAND**

This conference will provide a technical forum for expressing and learning about the advanced research and developments, as well as for launching new applications, technologies and exploring new trends in the field of soil sciences and water sciences.

**For further details visit the Conference Series website:**

(<https://soilscience.conferenceseries.com/>)

**email:** [Soilscience@earthscienceconferences.com](mailto:Soilscience@earthscienceconferences.com) or use the contact form on the above website.

**17 – 20 June 2018**

## **1<sup>ST</sup> INTERNATIONAL CONFERENCE ON WATER SECURITY**

**TORONTO, CANADA**

This Elsevier conference aims to discuss key issues from scientific and policy perspectives, including data needs and how data can be acquired, successful public and private sector business models in different settings, political opportunities and obstacles, what the expressed human needs are, and where the knowledge gaps exist.

**For further details visit the Elsevier website:**

(<https://www.elsevier.com/events/conferences/water-security-conference>) **email:** Please use the contact form on the

above website.

**18 - 19 June 2018**

## **INTRODUCTION TO RIVER HYDROLOGY AND HYDRAULICS: HR WALLINGFORD TRAINING COURSE**

**HOWBERY PARK, WALLINGFORD, OXFORDSHIRE**

This two-day training course is designed for anyone who requires an understanding of the management of river systems or the impact of developments in a river catchment. Guiding participants through the fundamental science and the most up-to-date supporting tools, the course demonstrates content and relevance through a series of worked examples.

**For further details visit the HR Wallingford website:**

(<http://training.hrwallingford.com/training/river-hydrology-and-hydraulics>)

**email:** [training@hrwallingford.com](mailto:training@hrwallingford.com)

**18 - 21 June 2018**

## **WEF NUTRIENT REMOVAL AND RECOVERY CONFERENCE 2018**

**RALEIGH, NC, USA**

This Water Environment Federation conference will provide an opportunity to learn how researchers are working with practitioners and operators to develop and implement innovative solutions to address the challenges of sustainable nutrient management.

**For further details visit the WEF website:**

(<https://www.wef.org/NUTRIENTS>)

**email:** Diana Prado [nutrient2018@wef.org](mailto:nutrient2018@wef.org)

**19 June 2018**

## **SUDS: STANDARDS, GUIDANCE AND DESIGN TOOLS: HR WALLINGFORD TRAINING COURSE**

**HOWBERY PARK, WALLINGFORD, OXFORDSHIRE**

This course focuses on giving a detailed understanding of surface water drainage planning and design to meet current standards and best practice guidance. The course takes attendees step by step through the basis and requirements of current criteria and methods for delivering compliant surface water management systems.

**For further details visit the HR Wallingford website:**

(<http://training.hrwallingford.com/training/suds-standards-guidance-and-design-tools>)

**email:** [training@hrwallingford.com](mailto:training@hrwallingford.com)

**19 - 21 June 2018**

## **SOLUTIONS FOR PRESENT AND FUTURE EMERGING POLLUTANTS IN LAND AND WATER RESOURCES MANAGEMENT**

**LEIPZIG, GERMANY**

The 5-year FP7 EU Integrated Project SOLUTIONS is organising its final conference focusing on latest results, tools and conclusions on monitoring, modelling and prioritization of (emerging) chemical substances and their effects in European water resources. The programme is related to WFD implementation and will highlight novel approaches and tools for a more holistic and efficient monitoring and assessment of water contamination.

**For further details visit the SOLUTIONS or Globaqua website:**

(<https://www.solutions-project.eu/>)

([http://www.globaqua-project.eu/files/repository/20180514124550\\_AgendaFinalConference\\_homepageversion\\_09052018\\_chm.pdf](http://www.globaqua-project.eu/files/repository/20180514124550_AgendaFinalConference_homepageversion_09052018_chm.pdf))

**email:** [werner.brack@ufz.de](mailto:werner.brack@ufz.de)

**20 June 2018**

## **INSTITUTE OF WATER AGM 2018**

**GLASGOW CALEDONIAN UNIVERSITY, GLASGOW**

The Institute of Water AGM will take place in the Hamish Wood Building at Glasgow Caledonian University at 12.00pm. This event is a chance to meet the staff and board from the Institute of Water and pose any questions about membership or the Institute as a whole.

**For further details visit the Institute of Water website:**

(<https://www.instituteofwater.org.uk/events-info/770/>)

**email:** Lucy Archer [lucy@instituteofwater.org.uk](mailto:lucy@instituteofwater.org.uk)

**20 June 2018**

## **INSTITUTE OF WATER MEET THE LEADERS 2018**

**GLASGOW CALEDONIAN UNIVERSITY, GLASGOW**

This meeting will be held in the Hamish Wood Building at Glasgow Caledonian University at 2pm. It will be an opportunity to ask leaders of the water industry their views and opinions on topics important in the water industry including current trends and new initiatives.

**For further details visit the Institute of Water website:**

(<https://www.instituteofwater.org.uk/events-info/771/>)

**email:** Lucy Archer [lucy@instituteofwater.org.uk](mailto:lucy@instituteofwater.org.uk)

**20 - 21 June 2018**

## **SEA SCOTLAND 2018: Empowerment in Marine Stewardship: Emerging Opportunities for Citizens and Communities in Scotland**

**KINGHORN, FIFE, SCOTLAND**

This 3rd in the Sea Scotland conference series will focus on key policy changes relating to regionalisation, localisation and decentralisation in Scotland and perspectives on the opportunities these present for engagement of society in marine stewardship.

**For further details visit the Sea Scotland or Eventbrite**

**website:** (<http://www.seascotland.scot/conference-2018/about/>) (<https://www.eventbrite.co.uk/e/sea-scotland-2018-empowerment-in-marine-stewardship-emerging-opportunities-for-citizens-and-tickets-43595295703>) **email:** Please use the contact form on the Sea Scotland website.

**20 - 21 June 2018**

## **INTRODUCTION TO FLOOD RISK ANALYSIS AND MANAGEMENT: HR WALLINGFORD TRAINING COURSE**

**HOWBERY PARK, WALLINGFORD, OXFORDSHIRE**

This course introduces the concepts of flood risk analysis and management within the context of existing UK policies and legislation. Current techniques in considering climate change and joint probability are presented in outline, as is the latest guidance on producing flood risk assessments.

**For further details visit the HR Wallingford website:**

(<http://training.hrwallingford.com/training/flood-risk-analysis-and-management>)

**email:** [training@hrwallingford.com](mailto:training@hrwallingford.com)

**20 - 22 June 2018**

## **ENVIRONMENTAL IMPACT 2018: 4<sup>th</sup> International Conference on Environmental and Economic Impact on Sustainable Development**

**NAPLES, ITALY**

This Wessex Institute conference will provide an international forum to discuss the most serious problems affecting sustainable development. It will consider the impact of economic constraints on the environment, taking into account the social aspects as well as the over-use of natural resources. Topics include: environmental policies and planning; natural resources management; ecosystems health; soil contamination; water resources management; sustainable cities; and many others.

**Further information s available on the Wessex**

**Institute website:** (<http://www.wessex.ac.uk/conferences/2018/environmental-impact-2018>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

**21 June 2018**

**PREMIUM CONFERENCE 2018: POST SPILL MONITORING & IMPACT ASSESSMENT: Looking Back and Moving Forward**

**NATURAL HISTORY MUSEUM, LONDON**

The aim of this 4th Premium conference is to provide a forum for scientists, regulators, environmental advisors and other professionals working in the field of marine oil/chemical spill monitoring and impact assessment to share experience, best practice and knowledge with the wider marine emergency response community. This year's theme is 'Premium - Looking Back and Moving Forward'. The programme of expert speakers, discussion and networking opportunity will be delivered over three sessions, 'From Science to Decision Making', 'Case Studies' and 'Future Premium'.

**For further details visit the Cefas or CMS website:**

(<https://www.cefas.co.uk/premium/premium-conference-2018/>) (<http://www.cmscoms.com/?p=13129>)

**email:** [ConServe2016@gmail.com](mailto:ConServe2016@gmail.com)

**21 – 22 June 2018**

**INSTITUTE OF WATER ANNUAL CONFERENCE 2018: Shaping the Future**

**GLASGOW CALEDONIAN UNIVERSITY, GLASGOW**

Chaired by Douglas Millican, Chief Executive, Scottish Water, this year's event will focus on the future of the water industry. It will include topics such as innovation, the circular economy, and digitalisation and will look at the growing expectations of customers and society.

**FWR will have a stand at this event and we welcome you to visit us.**

**For further details visit the Institute of Water website:**

(<https://www.instituteofwater.org.uk/events-info/753/>)

**email:** Lucy Archer [lucy@instituteofwater.org.uk](mailto:lucy@instituteofwater.org.uk)

**25 – 26 June 2018**

**ICWPC 2018: 20<sup>TH</sup> INTERNATIONAL CONFERENCE ON WATER POLLUTION AND CONTROL**

**PARIS, FRANCE**

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of water pollution and control.

**Further information will be made available on**

**the WASET website:** (<https://www.waset.org/conference/2018/02/paris/ICWPC>) **email:** [info@waset.org](mailto:info@waset.org)

**25 – 26 June 2018**

**ICRBMD 2018: 20<sup>TH</sup> INTERNATIONAL CONFERENCE ON RIVER BASIN MANAGEMENT AND DEVELOPMENT**

**PARIS, FRANCE**

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and

research results. It provides an interdisciplinary platform to discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of river basin management and development.

**Further information is available on the WASET website:**

(<https://waset.org/conference/2018/06/paris/ICRBMD/home>)

**email:** [info@waset.org](mailto:info@waset.org)

**25 – 27 June 2018**

**ecoSTP 2018: 4<sup>TH</sup> IWA SPECIALIZED INTERNATIONAL CONFERENCE ECOTECHNOLOGIES FOR WASTEWATER TREATMENT**

**WESTERN UNIVERSITY, LONDON, ONTARIO, CANADA**

In cooperation with Western University and Water Environment Federation (WEF), the IWA ecoSTP18 Conference aims to attract a global audience to promote discussion and exchange of ideas through a combination of pre-conference workshops and network-centered conference sessions. A number of panels will discuss the role of transformative technologies for wastewater treatment.

**Further information is available on the conference or**

**IWA website:** (<http://conference.uwo.ca/ecoSTP2018/>)

(<http://www.iwa-network.org/events/ecostp-2018/>) **email:**

[info@ecostp2018.com](mailto:info@ecostp2018.com) or use the contact form on the conference website.

**25 – 28 June 2018**

**EMCON2018: 6<sup>TH</sup> INTERNATIONAL CONFERENCE ON EMERGING ENVIRONMENTAL CONTAMINANTS**

**OSLO, NORWAY**

This conference is organised by EmCon and the Norwegian Institute for Water Research (NIVA) to bring together scientists to present and discuss the latest research on all aspects of emerging contaminants. It will cover sources and exposure pathways, treatment processes and technologies, sampling, analytical methods and approaches, effects in aquatic and terrestrial environments, risk assessment and management and the regulations and policy.

**Further information is available on the conference**

**website:** (<https://emcon2018.no/>)

**email:** Please use the contact form on the above website.

**26 June 2018**

**CATCHMENT MANAGEMENT: THE FUTURE OF WATER TREATMENT?**

**BEWL WATER, TUNBRIDGE WELLS**

This Institute of Water seminar will consider how companies are increasingly taking a new more innovative and more resilient approach to achieving wholesome, compliant drinking water, by working with farmers and other groups within the source catchments to improve water quality before it even reaches the treatment works.

**For further details visit the Institute of Water website:**

(<https://www.instituteofwater.org.uk/events-info/818/>)

**email:** [Kathryn.Nye@southernwater.co.uk](mailto:Kathryn.Nye@southernwater.co.uk)

**26 – 27 June 2018**

**BEYOND THE COAST 2018: JNCC'S  
CONFERENCE ON THE FUTURE OF OUR  
OFFSHORE MARINE ENVIRONMENT**

**UNIVERSITY OF HULL, HULL**

This event will bring together a range of practitioners, academics and others with an interest in the offshore marine environment to discuss key issues, such as how to deal with uncertainty, assessing the health of the marine environment beyond the coast, and working together to achieve common goals.

**For further information visit the CMS or Eventbrite**

**website:** (<http://www.cmscoms.com/?p=12896>)

**27 June 2018**

**CIWEM URBAN DRAINAGE GROUP SUMMER  
CONFERENCE & EXHIBITION**

**CANAL COURT HOTEL, NEWRY, COUNTY DOWN,  
NORTHERN IRELAND**

CIWEM Branches for Northern Ireland and the Republic of Ireland we will bring together key note speakers, a technical exhibition and a topical conference programme. It will address regional issues and share the latest insights from urban drainage practice across the United Kingdom, Ireland and globally.

**For further details visit the CIWEM website:**

(<http://www.ciwem.org/events/ciwem-urban-drainage-group-summer-conference-exhibition/>)

**email:** [udg.conference@gmail.com](mailto:udg.conference@gmail.com)

**27 – 29 June 2018**

**INDOWATER 2018: 14<sup>TH</sup> INTERNATIONAL  
WATER, WASTEWATER & RECYCLING  
TECHNOLOGY EXPO**

**SURABAYA, INDONESIA**

INDOWATER is Indonesia's largest international water and wastewater trade show and is organised by "PT. Napindo Media Ashatama" in association with MEREBO Messe Marketing. It will provide a platform for industry professionals to learn about the latest trends and developments and to build valuable partnerships. It is also where water supply & sewerage companies, consultants, contractors, industrial wastewater treatment professionals and decision makers look for cost-effective solutions and technology.

**For further details visit the INDOWATER website:**

(<http://www.indowater.merebo.com/>)

**email:** [contact@merebo.com](mailto:contact@merebo.com) or [agnes@merebo.com](mailto:agnes@merebo.com)

**28 – 30 June 2018**

**IWTC 2018: 21<sup>ST</sup> INTERNATIONAL WATER  
TECHNOLOGY CONFERENCE**

**PORT SAID, EGYPT**

This conference is organised by the International Water Technology Association (IWTA) in cooperation with Mansoura University. It brings together experts, researchers, equipment manufacturers and consultants, in order to discuss the latest state of the art in the field of water and waste-water technologies.

**For further details visit the conference website:**

(<http://iwtc.info/>) **email:** [conference@iwtc.info](mailto:conference@iwtc.info) or use the contact form on the above website.

**JULY**

**1 – 6 July 2018**

**HIC 2018: 13<sup>TH</sup> INTERNATIONAL  
CONFERENCE ON HYDROINFORMATICS:  
Water and Environmental Challenges in a  
Changing World**

**PALERMO, ITALY**

This IAHR/IWA Joint Committee on Hydroinformatics conference is hosted by the University of Palermo as a forum for exchanging ideas, promoting ground-breaking technologies, proposing new extensive collaborations, and finding new solutions for water management. Themes will be: Technologies for Water Management and Monitoring; remote sensing; big-data, knowledge and water data management; hydraulic and hydrological modelling; climate change impacts; environmental and coastal hydroinformatics.

**Further information is available on the conference**

**website:** (<https://www.hic2018.org/>)

([http://www.gii-idraulica.net/files/Call%20for%20sessions\\_HIC2018.pdf](http://www.gii-idraulica.net/files/Call%20for%20sessions_HIC2018.pdf)) **email:** [info@hic2018.org](mailto:info@hic2018.org)

**3 – 5 July 2018**

**GOOD PRACTICE STAKEHOLDER  
PARTICIPATION:  
With a Focus on the Environment**

**NR EAST BRABOURNE, KENT**

This Dialogue Matters training course will help participants understand the principles of stakeholder participation and train them in practical facilitation skills and process design.

**For further details visit the CMS or Dialogue Matters**

**website:** (<http://www.cmscoms.com/?p=12434>)

(<http://www.dialoguematters.co.uk/>)

**email:** [training@dialoguematters.co.uk](mailto:training@dialoguematters.co.uk)

**4 - 6 July 2018**

**AQUALIFE FINAL CONFERENCE:  
GROUNDWATER DEPENDENT ECOSYSTEMS:  
New Research Horizons and Management  
Implications**

**L'AQUILA, ITALY**

This event is the closing conference of the project The Aqualife Project – an EU LIFE project aiming at monitoring the biodiversity of groundwater dependent ecosystems through a specifically devised bioindicator system. On 6th July there will be an excursion to the Stiffe cave, which harbours many groundwater species.

**For further details visit the Aqualife or Globaqua**

**website:** ([http://www.aqualifeproject.eu/dati/workshop2018/preliminary\\_program\\_AQUALIFE\\_Final\\_Conference\\_publication.pdf](http://www.aqualifeproject.eu/dati/workshop2018/preliminary_program_AQUALIFE_Final_Conference_publication.pdf))

### UTILITY WEEK CONSUMER VULNERABILITY CONFERENCE 2018: Turning the Conversation into Action for Customers in Vulnerable Circumstances

#### LONDON

This Utility Week conference is aimed at senior professionals within utilities with responsibility for working with priority customers. It will address the challenges and opportunities surrounding consumer vulnerability and develop understanding of the new thinking behind partnership working.

**For further details visit the Utility Week website:**

(<https://event.utilityweek.co.uk/vulnerability/>)

**email:** [carla.staden@fav-house.com](mailto:carla.staden@fav-house.com)

## 7 - 8 July 2018

### THE COTSWOLD SHOW AND FOOD FESTIVAL

#### CIRENCESTER, GLOUCESTERSHIRE

The Cotswold Show is a popular regional Country Show with the ethos 'Where Town meets Country'. There will be a food festival, shopping, music, rural skills and a variety of family attractions such as the Bremont Great War Display Team, BMX show, dog and duck show, and falconry.

**FWR will have a stand at this event and we welcome you to visit us.**

**For further details visit the show website:** (<http://www.cotswoldshow.co.uk/>) **email:** [info@cotswoldshow.co.uk](mailto:info@cotswoldshow.co.uk)

## 8 - 12 July 2018

### 7<sup>TH</sup> SINGAPORE INTERNATIONAL WATER WEEK

#### SINGAPORE

SIWW is organised by Singapore International Water Week Pte Ltd. It will gather stakeholders from the global water industry to share best practices and showcase the latest technologies. The main sectors include catchment management, clean transport, climate change and flood control, sanitation, sludge handling and treatment, waste control and management, wastewater collection and treatment, and water distribution, treatment and reuse. The Water Convention welcomes water practitioners and leaders to share their best practices, strategies and applied technological solutions.

**Further information is available on the SIWW website:**

(<http://www.siww.com.sg/>) (<http://www.siww.com.sg/water-convention>) **email:** [info@siww.com.sg](mailto:info@siww.com.sg)

## 9 - 10 July 2018

### BI-ANNUAL SCOTTISH FISHING CONFERENCE (BASFC): Fisheries Management in Changing Times

#### UNIVERSITY OF ST ANDREWS, ST ANDREWS

This conference is organised by Fisheries Innovation Scotland (FIS) and will focus on the future of the fishing and seafood industry in Scotland. Day 1 will include presentations from research teams who have worked on FIS projects over the last two years. Day 2 will be opened by the Cabinet Secretary for Rural Affairs, Food and the Environment and will feature presentations from the Scottish industry, Fisheries Ministers from other nearby fishing nations, and senior figures from the NGO, retail and marine sciences sectors.

**For further details visit the FIS website:**

(<http://www.fiscot.org/conference/2018-basfc/>)

**email:** [s.gray@fiscot.org](mailto:s.gray@fiscot.org) or use the contact form on the above website.

## 9 - 13 July 2018

### 41<sup>ST</sup> WEDC INTERNATIONAL CONFERENCE: Transformation Towards Sustainable and Resilient Wash Services

#### EGERTON UNIVERSITY, NAKURU, KENYA

The conference is organised by the Water, Engineering and Development Centre (WEDC) at Loughborough University and co-hosted with Egerton University in Nakuru, Kenya. It is a platform for exchange of knowledge and ideas and aims to share and learn from respective experiences, between both the local and international levels. The title relates to SDG 6 'Ensure availability and sustainable management of water and sanitation for all'.

**For further details visit the conference website:**

(<https://wedc-knowledge.lboro.ac.uk/conference/41/index.html>) **email:** [wedc@lboro.ac.uk](mailto:wedc@lboro.ac.uk)

## 16 - 19 July 2018

### 6<sup>TH</sup> ANNUAL INTERNATIONAL FORUM ON WATER

#### ATHENS, GREECE

This event is organised by the Athens Institute for Education and Research (ATINER) to bring together academics and researchers from scientific subjects related to water.

**Further information is available on the ATINER**

**website:** (<https://www.atiner.gr/water>)

**email:** [atiner@atiner.gr](mailto:atiner@atiner.gr)

## 16 - 19 July 2018

### 6<sup>TH</sup> ANNUAL INTERNATIONAL CONFERENCE ON ECOLOGY, ECOSYSTEMS AND CLIMATE CHANGE

#### ATHENS, GREECE

This Center for Environmental Pollution, Climate & Ecology (CEPCE) conference will be held at the Athens Institute for Education and Research (ATINER). The aim of the conference is to bring together academics and researchers from all scientific subject areas who have done work on ecology, ecosystems, climate change and other related subjects.

**Further information will be made available on the**

**ATINER website:** (<https://www.atiner.gr/ecology>)

**email:** [atiner@atiner.gr](mailto:atiner@atiner.gr)

## 17 - 18 July 2018

### 12<sup>TH</sup> EUROPEAN WASTEWATER MANAGEMENT CONFERENCE & EXHIBITION

#### MANCHESTER UNITED FOOTBALL STADIUM, MANCHESTER

This 2-day EWWM conference provides a forum for practitioners and researchers to meet and discuss the management and treatment of wastewater. Key themes will be: phosphorus and nutrient removal and recovery; Chemical Investigations Programme (CIP2); wastewater catchments and networks; microplastics and unflushables.

**For further details visit the Aqua Enviro or EWWM**

**website:** (<https://www.aquaenviro.co.uk/events/conferences/european-waste-water-management-conference/>)

(<http://ewwmconference.com/>)

**email:** [sarah.brown@aquaenviro.co.uk](mailto:sarah.brown@aquaenviro.co.uk)

**17 – 19 July 2018**

## **INTRODUCTION TO COASTAL & MARINE GIS**

**ABPmer OFFICES, SOUTHAMPTON**

This 3-day course is delivered by ABPmer's GIS consultants and Geodata's GIS trainers. It uses case studies and hands-on activities to show how marine and coastal datasets can support decision-making.

**For further details visit the CMS or Deodata website:**

(<http://www.cmscoms.com/?p=11293>)

(<http://www.geodata.soton.ac.uk/geodata/training/Courses>)

**email:** Nicky Dewey [Ndewey@abpmer.co.uk](mailto:Ndewey@abpmer.co.uk)

**17 – 21 July 2018**

## **WRE 2018: 4<sup>TH</sup> International Conference on Water Resource and Environment**

**I-SHOU UNIVERSITY, KAOHSIUNG CITY, TAIWAN**

WRE 2018 will provide a platform for researchers from all over the world to present and exchange their latest findings about water resources and environment. The plenary session will include keynote speeches, invited speeches, poster presentations, and oral presentations.

**Further information will be made available on the conference website:** (<http://www.wreconf.org/>)

**email:** [info@wreconf.org](mailto:info@wreconf.org)

**18 July 2018**

## **DIFFUSE POLLUTION: Evidence, Effective Practice and Lessons for Policy, Practice and Investment**

**LONDON**

This CIWEM conference aims to present innovative case studies, collaborative approaches and facilitate discussion on the scale of the issue and current progress on both rural and urban diffuse pollution.

**Further information will be made available on the CIWEM website:** (<http://www.ciwem.org/events/diffuse-pollution-evidence-effective-practice-and-lessons-for-policy-practice-and-investment/>)

**email:** [sophie@ciwem.org](mailto:sophie@ciwem.org)

**18 - 20 July 2018**

## **4<sup>TH</sup> INTERNATIONAL CONGRESS WATER, WASTE AND ENERGY MANAGEMENT**

**MADRID, SPAIN**

This congress is organised by academics and researchers of the University Complutense of Madrid, University Carlos III of Madrid, University of Extremadura and University of Las Palmas de Gran Canaria, with the technical support of Sciknowledge European Conferences. It will create an international forum to discuss results and proposals regarding issues related to Water, Waste and Energy Management.

**For further details visit the congress website:**

(<http://waterwaste18.com/>) **email:** [water@sckeuropa.org](mailto:water@sckeuropa.org)

**24 July 2018**

## **PANG VALLEY FLOOD FORUM MEETING**

**PANGBOURNE VILLAGE HALL, PANGBOURNE, READING**

This is the quarterly meeting of The Pang Valley Flood Forum which was set up in January 2013 as a joint initiative by West Berkshire Council, the Environment Agency and Thames Water.

The Forum is run by volunteers working collaboratively to reduce flood risk throughout the communities in the Pang Valley.

**For further details visit the Forum website:**

(<http://www.floodalleviation.uk/>)

**email:** [pangvalleyfloodforum@gmail.com](mailto:pangvalleyfloodforum@gmail.com)

**24 - 26 July 2018**

## **NEW FOREST AND HAMPSHIRE COUNTY SHOW**

**BROCKENHURST, HAMPSHIRE**

This event is rated amongst the top ten agricultural shows in the country. It will feature show jumping, as well as livestock competitions and other main ring attractions. Working in collaboration with the New Forest Business Partnership, the new Local Business Village will give local businesses from across Hampshire and Dorset the opportunity to showcase their products and services. There will also be a local produce market.

**FWR will have a stand at this event and we welcome you to visit us.**

**For further details visit the show website:**

(<http://www.newforestshow.co.uk/>)

**email:** [info@newforestshow.co.uk](mailto:info@newforestshow.co.uk)

# **AUGUST**

**12 – 17 August 2018**

## **ICID 2018: International Conference and 69<sup>TH</sup> International Executive Council Meeting of the International Commission on Irrigation and Drainage: Innovative and Sustainable Agri-Water Management: Adapting to a Variable and Changing Climate**

**SASKATOON, SASKATCHEWAN, CANADA**

This ICID conference and meeting provides an opportunity for participants to network and share their knowledge and expertise related to sustainable agriculture. This includes water management, irrigation, drainage, livestock and crop production – all important aspects that support stable agriculture production with the goal of improving water and food security.

**Further information will be made available on the ICID website:** (<http://www.icid2018.org/>) **email:** [info@icid2018.org](mailto:info@icid2018.org)

**13 – 15 August 2018**

## **NORDIC WATER 2018: HYDROLOGY AND WATER RESOURCES MANAGEMENT IN A CHANGING WORLD**

**BERGEN, NORWAY**

This 30th Nordic Hydrological Conference is organised by the Norwegian Hydrological Council and focuses on improved understanding of the water cycle and the practical application of hydrological methods within applied science and national planning in the Nordic and Baltic countries. It aims to bridge the gap between hydrological research and operational hydrology.

**For further details visit the conference website:**

(<http://nhc2018.org/>) **email:** [organisers@nhc2018.org](mailto:organisers@nhc2018.org)

## 19 – 24 August 2018

### ISE 2018: 12<sup>TH</sup> INTERNATIONAL SYMPOSIUM ON ECOHYDRAULICS

#### TOKYO, JAPAN

This symposium will jointly be convened by the International Association for Hydro-Environment Engineering and Research (IAHR) and International Society for River Science (ISRS). It aims to bridge the knowledge gap between hydraulics and biological systems in Hydro-Environment. The major themes are: aquatic biota movements; e-flows, i.e. environmental, instream or ecological flow regimes; and lake and river habitat restoration.

**For further details visit the symposium website:**

(<http://ise2018.com/>) **email:** Please use the contact form on the above website.

## 20 – 21 August 2018

### ICAIWM 2018: 20<sup>TH</sup> INTERNATIONAL CONFERENCE ON ADAPTIVE AND INTEGRATIVE WATER MANAGEMENT

#### LONDON

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary platform for the presentation of new advances and research results in the fields of Adaptive and Integrative Water Management.

**Further information will be made available on the**

**WASET website:** (<https://waset.org/conference/2018/08/london/ICAIWM/call-for-papers>) **email:** [info@waset.org](mailto:info@waset.org)

## 26 – 31 August 2018

### WORLD WATER WEEK 2018

#### STOCKHOLM, SWEDEN

World Water Week is organised by the Stockholm International Water Institute (SIWI) and has been an annual focal point for the globe's water issues since 1991. The 2018 theme will be 'Water, ecosystems and human development'.

**Further information will be made available on the**

**World Water Week website:** (<http://www.worldwaterweek.org/>) (<http://www.worldwaterweek.org/world-water-week-2018-call-for-engagement/>)

**email:** [siwi@siwi.org](mailto:siwi@siwi.org) or [worldwaterweek@mci-group.com](mailto:worldwaterweek@mci-group.com)

## 27 – 31 August 2018

### 2<sup>ND</sup> INTERNATIONAL YOUTH FORUM ON SOIL AND WATER CONSERVATION AND ICCE SYMPOSIUM 2018: Climate Change Impacts on Sediment Dynamics: Measurement, Modelling and Management

#### LOMONOSOV MOSCOW STATE UNIVERSITY, MOSCOW, RUSSIA

This event is organised by the Lomonosov Moscow State University and the World Association of Soil and Water Conservation (WASWAC). The programme will include lectures by keynote speakers, thematic sessions and a field excursion to the hydro-technical project - water transfer from Volga River to Moscow city.

**For further details visit the Moscow State University or**

**ICCE website:** (<http://www.eng.geogr.msu.ru/IYFSWC/>) (<http://icce.altervista.org/icce-events.html>)

**email:** [iyfswc-2018@geogr.msu.ru](mailto:iyfswc-2018@geogr.msu.ru)

# SEPTEMBER

## 2 – 5 September 2018

### 21<sup>ST</sup> CONGRESS OF ASIA PACIFIC DIVISION OF INTERNATIONAL ASSOCIATION FOR HYDRO-ENVIRONMENT ENGINEERING AND RESEARCH (IAHR-APD): Multi-Perspective Water for Sustainable Development

#### YOGYAKARTA, INDONESIA

This congress aims to share Hydro-Environment related knowledge and experiences. Sub-themes include: river and river basin engineering and management - river hydraulics; port, harbours, coastal engineering and management; environmental hydraulics and hydrology; irrigation, water supply and sanitation; water resources; hydroinformatics; and others.

**Further information will be made available on the congress website:** (<http://iahrapd2018.ugm.ac.id/>)

**email:** [radianta@ugm.ac.id](mailto:radianta@ugm.ac.id)

## 3 – 6 September 2018

### DESALINATION FOR THE ENVIRONMENT: CLEAN WATER AND ENERGY

#### ATHENS, GREECE

This European Desalination Society conference will be devoted to advances towards providing fresh water for all, at affordable cost and at economical energy requirements. It will overview the most recent developments in desalination technology, its cost and extent of application, including socio-economic and environmental issues.

**For further details visit the EDS website:**

(<http://www.desline.com/congress/Athens2018/home.html>)

**email:** [desline.com@gmail.com](mailto:desline.com@gmail.com)

## 4 – 6 September 2018

### 10<sup>TH</sup> INTERNATIONAL CONFERENCE ON SUSTAINABLE DEVELOPMENT AND PLANNING

#### SIENA, ITALY

Sustainable Development and Planning 2018 is organised by Wessex Institute and University of Siena, Italy. It will bring together academics, policy makers, practitioners and other stakeholders to discuss the latest advances in the field. It will cover new academic findings and their application in planning and development strategies, assessment tools and decision making processes. Topics will include environmental management, climate change, urban flooding and drainage and many others.

**Further information will be made available on the**

**Wessex Institute website:** (<http://www.wessex.ac.uk/conferences/2018/sustainable-development-and-planning-2018>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

## 5 – 7 September 2018

### WATEF CONFERENCE 2018

#### UNIVERSITY OF AVEIRO, PORTUGAL

This is the first international conference organised by the Water Efficiency Network (WATEF). The conference theme is 'The Future of Water in Europe: Local, Regional and Global Best Practice'. It will include a special session 'Resilience through cooperation and innovation'.

**Further information will be made available on the WATEF or Institute of Water website:**

(<https://www.watefnetwork.co.uk/conference>)

(<https://www.instituteofwater.org.uk/events-info/645/>)

**email:** [info@watefnetwork.co.uk](mailto:info@watefnetwork.co.uk)

## 5 – 8 September 2018

### RIVER FLOW 2018: 9<sup>TH</sup> INTERNATIONAL CONFERENCE ON FLUVIAL HYDRAULICS

LYON-VILLEURBANNE, FRANCE

River Flow 2018 is organised by the International Association for Hydro-Environment Engineering and Research (IAHR). It will focus on the latest findings in the field of fluvial hydraulics, addressing fundamental issues related to fluid processes of sediments and pollutants in rivers. More practical issues related to river morphodynamics, river restoration, and river interaction with structures will be discussed.

**For further information visit the conference website:**  
(<https://riverflow2018.irstea.fr/>) **email:** [riverflow2018@irstea.fr](mailto:riverflow2018@irstea.fr)

## 10 – 12 September 2018

### WORLD CANALS CONFERENCE 2018

ATHLONE, REPUBLIC OF IRELAND

WCC 2018 is hosted by Waterways Ireland and the Inland Waterways Association of Ireland. It will look at regeneration projects on inland waterways and the re-imagining of the waterways as linear parks & amenity spaces to cater for all lovers of water.

**For further information visit the conference website:**  
(<http://wccireland2018.com/>)  
**email:** [WCC2018@conferencepartners.ie](mailto:WCC2018@conferencepartners.ie)

## 10 - 13 September 2018

### 18<sup>TH</sup> BIENNIAL CONFERENCE OF THE CHALLENGER SOCIETY FOR MARINE SCIENCE

NEWCASTLE UNIVERSITY, NEWCASTLE

Challenger Conference 2018 will provide a showcase of marine science, covering all areas of ocean research. One of the themes will be 'The rising tide of human impact' looking at plastics pollution.

**For further information visit the conference website:**  
(<https://conferences.ncl.ac.uk/challenger-2018/>)  
**email:** [info.challenger2018@newcastle.ac.uk](mailto:info.challenger2018@newcastle.ac.uk)

## 12 - 13 September 2018

### FLOOD EXPO 2018: The World's Leading Flood Exhibition and Conference

NEC, BIRMINGHAM

This exhibition and conference is designed to help flood professionals and property owners discover the latest innovative products, services and strategies that transform the way flooding is predicted, prevented, and managed. It will include 100 expert-led seminars.

**For further information visit the Flood Expo website:**  
(<http://www.thefloodexpo.co.uk/index.asp>)  
**email:** [james.berryman@prysmggroup.co.uk](mailto:james.berryman@prysmggroup.co.uk)

## 12 - 13 September 2018

### WASTEWATER EXPO 2018

NEC, BIRMINGHAM

The Wastewater Expo is part of the Contamination Expo Series is aimed at professionals working in the water industry to find solutions for the monitoring and treatment of wastewater. It will provide a combination of supplier-exhibitors and expert-led seminars.

**For further information visit the Wastewater Expo website:** (<http://www.watercontaminationexpo.com/index.asp>) **email:** [james.berryman@prysmggroup.co.uk](mailto:james.berryman@prysmggroup.co.uk)

## 15 - 16 September 2018

### THE ROYAL COUNTY OF BERKSHIRE SHOW 2018 NEWBURY SHOWGROUND, NEWBURY

This event is organised by the Newbury and District Agricultural Society and ASAO Shows. It is one of the top 10 agricultural shows. Attractions include livestock, equine, crafts, displays, food, stalls and sports.

**FWR will have a stand at this event and we welcome you to visit us.**

**For further information visit the show website:**  
(<https://www.berkshireshow.co.uk>)  
**email:** [office@newburyshowground.co.uk](mailto:office@newburyshowground.co.uk)

## 16 – 21 September 2018

### IWA WORLD WATER CONGRESS & EXHIBITION 2018: Shaping Our Water Future TOKYO, JAPAN

This global event for water professionals offers new insights into how pioneering science, technological innovation and leading practices shape the major transformation in water management that is underway.

**Further information will be made available on the IWA website:** (<http://www.iwa-network.org/news/tokyo-2018-first-announcement/>) **email:** [water@iwahq.org](mailto:water@iwahq.org)

## 18 September 2018

### WWT SUSTAINABLE WATER CONFERENCE 2018: Building a Resilient Future for Water BIRMINGHAM

This WWT event is aimed at water industry professionals investing in long-term sustainability and shaping the future of the sector. Delegates will: hear how the water industry is responding to the government's 25 Year Environment Plan; find out how the post-Brexit CAP will affect agriculture in the UK; learn how the sector is planning to eliminate plastic waste; gain insight into how we can deliver better local planning to reduce flooding; and explore how the regulatory framework can be modernised to better suit future needs.

**For further information visit the WWT website:**  
(<https://event.wwtonline.co.uk/sustainable/>)  
**email:** [carla.staden@fav-house.com](mailto:carla.staden@fav-house.com)

## 23 – 26 September 2018

### UDM2018: 11<sup>TH</sup> INTERNATIONAL CONFERENCE ON URBAN DRAINAGE MODELLING PALERMO, ITALY

The UDM Conference seeks to create a forum for discussion amongst scientists, professionals and academia on urban drainage. It deals with topics related to modelling the urban drainage system (e.g., water quality and quantity, urban flooding and modelling, urban flood forecasting and risk analysis, socio-economic interactions and modelling tools, etc.) by focusing on the interrelationships among the entire water cycle, environment and society.

**For further information visit the conference website:**  
(<https://www.udm2018.org/conference/>)  
**email:** [info@udm2018.org](mailto:info@udm2018.org)

## 24 – 25 September 2018

### ICWRM 2018: 20<sup>TH</sup> INTERNATIONAL CONFERENCE ON WATER RESOURCES MANAGEMENT

DUBAI, UAE

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides an interdisciplinary forum for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Water Resources Management.

Further information will be made available on the WASET website: (<https://waset.org/conference/2018/09/dubai/ICWRM/home>) email: [info@waset.org](mailto:info@waset.org)

## 24 - 26 September 2018

### 9<sup>TH</sup> STAHY INTERNATIONAL WORKSHOP

ADELAIDE, SOUTH AUSTRALIA

This STAHY International Workshop is organised by the International Commission on Statistical Hydrology (ICSH) of the International Association of Hydrological Sciences (IAHS). STAHY2018 will focus on statistical methods for hydrological applications.

For further information visit the STAHY 2018 website: (<https://www.stahy2018.org/>) email: [info@stahy2018.org](mailto:info@stahy2018.org)

## 29 September – 3 October 2018

### WEFTEC 2018

NEW ORLEANS, LA, USA

WEFTEC, the Water Environment Federation's Annual Technical Exhibition and Conference, provides an exhibition and technical program giving access to the field's cutting-edge information, technologies, services, and networking.

Further details will be made available on the WEFTEC website: (<http://www.weftec.org/>) email: Please use the contact form on the above website.

## 30 September – 4 October 2018

### ICWS 2018: 16<sup>TH</sup> IWA INTERNATIONAL CONFERENCE ON WETLAND SYSTEMS FOR WATER POLLUTION CONTROL

VALENCIA, SPAIN

This IWA conference is organised by the Research Institute of Water and Environment at Technical University of Valencia, Spain. It follows the tradition of biennial meetings of theoreticians, engineers and practitioners working on treatment wetlands. There will be a special emphasis on linking wetlands systems, pollution control and biodiversity.

For further information visit the IWA or conference website: (<http://www.iwa-network.org/events/16th-international-conference-of-the-iwa-specialist-group-on-wetland-systems-for-water-pollution-control/>) (<http://icws2018.webs.upv.es/>) email: [iwawetlands2018@upv.es](mailto:iwawetlands2018@upv.es)

# OCTOBER

## 3 October 2018

### MEDIN WORKSHOP

NATIONAL OCEANOGRAPHIC CENTRE, SOUTHAMPTON

This Marine Environmental Data & Information Network (MEDIN) free workshop aims to improve the uptake, knowledge and use of MEDIN Data Guidelines and the MEDIN Discovery Metadata Standard (and associated tools).

For further details visit the MEDIN website: ([http://www.oceannet.org/marine\\_data\\_standards/workshops.html](http://www.oceannet.org/marine_data_standards/workshops.html))

email: Sean Gaffney [sgaf@bodc.ac.uk](mailto:sgaf@bodc.ac.uk)

## 10 – 11 October 2018

### FLOOD EXPO 2018

EXCEL, LONDON

This exhibition and conference is designed to help flood professionals and property owners discover the latest innovative products, services and strategies that transform the way flooding is predicted, prevented and managed. It will include debates, seminars and live demos on the Thames.

For further details visit the Flood Expo website: (<http://www.thefloodexpo.co.uk/>) email: Please use the 'Leave a message' or 'Free tickets' form on the above website.

## 14 – 18 October 2018

### 21<sup>ST</sup> INTERNATIONAL RIVERSYMPOSIUM 2018

SYDNEY, AUSTRALIA

This symposium is organised by the International River Foundation and provides a platform for river managers, policy developers, scientists, consultants, NGOs and community organisations to share knowledge and innovative ideas on all aspects of river and water management. The theme will be 'Embracing innovation'.

For further details visit the symposium website: (<http://riversymposium.com/>) email: [irs@riverfoundation.org.au](mailto:irs@riverfoundation.org.au) or use the contact form on the above website.

## 14 – 18 October 2018

### 15<sup>TH</sup> IWA INTERNATIONAL SPECIALISED CONFERENCE ON SMALL WATER AND WASTEWATER SYSTEMS

HAIFA, ISRAEL

This conference is organised by the IWA Specialist Group on Small Water and Wastewater Systems. Topics are: Wastewater Systems (small scale); Wastewater Systems (large scale); Water and Health; Water Governance, Regulation and Utility Management; and Treatment Technologies.

Further details will be made available on the IWA website: (<http://www.iwa-network.org/events/15th-international-specialised-conferences-on-small-water-and-wastewater-systems-2/>) email: [amgross@bgu.ac.il](mailto:amgross@bgu.ac.il)

**15 – 17 October 2018**

## **HYDRO 2018: PROGRESS THROUGH PARTNERSHIPS**

**GDANSK, POLAND**

This conference is organised by the International Journal on Hydropower & Dams and will focus on topics such as: technical innovation; hydro potential and development opportunities; financial challenges; cross-border collaboration; the role and benefits of pumped storage; operation, maintenance and safety; climate and environment; and others.

**For further details visit the International Journal on Hydropower & Dams website:**

([http://www.hydropower-dams.com/hydro-2018.php?c\\_id=88](http://www.hydropower-dams.com/hydro-2018.php?c_id=88))  
(<http://www.hydropower-dams.com/pdfs/HYDRO2018.pdf>)

**email:** [Hydro2018@hydropower-dams.com](mailto:Hydro2018@hydropower-dams.com)

**15 – 19 October 2018**

## **17<sup>TH</sup> WORLD LAKE CONFERENCE**

**KASUMIGAURA, IBARAKI, JAPAN**

WLC 2018 is organised by the International Lake Environment Committee (ILEC) for multi-sectoral participants (i.e., academia, government, citizens, NGOs and enterprises) to exchange their views and experiences on the sustainable management of lakes and their basins. The main theme will be 'Harmonious coexistence of humans and lakes - toward sustainable ecosystem services'.

**Further information will be made available on the ILEC or conference website:** (<http://www.ilec.or.jp/en/wlc>) (<http://www.pref.ibaraki.jp/seikatsukankyo/kantai/kasumigaura/wlcn.html>) **email:** [infoilec@ilec.or.jp](mailto:infoilec@ilec.or.jp)

**16 - 18 October 2018**

## **INTERNATIONAL SYMPOSIUM OF ECO-HYDROLOGY AND WATER SECURITY: Opportunities & Challenges from Developing Countries**

**XI'AN CITY, CHINA**

This international symposium will focus on water security problem (eg water supply, river drying up, water quality, floods etc.) and ecosystem-related water issues (eg wetland degradation, hydrobiology, ecosystem resilience) in the global community with some focus on developing regions.

**Further information will be made available on the IAHS website:** (<https://iahs.info/uploads/Meetings/2018%20International%20Symposium%20of%20Ecohydrology%20and%20Water%20Security.pdf>)  
**email:** Prof. SONG Jinxi [jinxisong@nwu.edu.cn](mailto:jinxisong@nwu.edu.cn)

**16 - 18 October 2018**

## **WATER SCIENCE FOR IMPACT**

**WAGENINGEN UNIVERSITY & RESEARCH (WUR), WAGENINGEN, THE NETHERLANDS**

This international and multidisciplinary water conference is convened within the framework of the WUR 100 years centennial celebrations, and is jointly organised by WUR, Deltares, IHE Delft Institute for Water Education, KWR Watercycle Research Institute, National Institute for Public

Health and the Environment (RIVM) and the Netherlands Environmental Assessment Agency (PBL). The conference will focus on the interaction between science and society in developing solutions for pressing water related problems as identified in the UN Sustainable Development Goals.

**For further details visit the conference website:**

(<https://www.wageningenwaterconference.com/>)

**email:** [info@wageningenwaterconference.com](mailto:info@wageningenwaterconference.com)

**16 - 18 October 2018**

## **INSTITUTE OF FISHERIES MANAGEMENT 49<sup>TH</sup> ANNUAL CONFERENCE: Thriving or Surviving: Creating Resilient Fisheries**

**THE GUILDHALL, HULL**

This year's IFM Annual Conference will be hosted by the Yorkshire and North East Branch. The focus is resilient fisheries and the conference will cover a range of subjects in the freshwater, transitional and marine environments. It will bring together speakers from across the UK, Ireland and Europe for three days of presentations, posters, field trips and networking opportunities.

**Further information will be made available on the IFM website:** (<https://ifm.org.uk/>) **email:** [info@ifm.org.uk](mailto:info@ifm.org.uk)

**17 - 20 October 2018**

## **EUROPE-INBO 2018: 16<sup>TH</sup> INTERNATIONAL CONFERENCE FOR THE IMPLEMENTATION OF THE EUROPEAN WATER DIRECTIVES**

**SEVILLE, SPAIN**

EUROPE-INBO 2018 will be held in Seville at the invitation of the Hydrographic Confederation of Guadalquivir. The conference will be organised around a preparatory workshop and 4 roundtables in plenary sessions on the updated issues of the practical implementation of the Water Framework Directive and other European Water Directives, especially the Flood Directive and the Marine Strategy Framework Directive.

**For further details visit the INBO-NEWS website:** (<https://www.inbo-news.org/en/events/europe-inbo-2018>)  
**email:** [secretariat@inbo-news.org](mailto:secretariat@inbo-news.org)

**21 - 26 October 2018**

## **ICHA 2018: 18<sup>TH</sup> INTERNATIONAL CONFERENCE ON HARMFUL ALGAE: From Ecosystems to Socio-Ecosystems**

**NANTES, FRANCE**

ICHA 2018 will deal with topics concerning the understanding of the causes, evolution and impacts of harmful micro-algae and cyanobacteria. The scientific program will foster discussions and initiate collaborations within and across disciplines for the advancement of the field. The thematic sessions will showcase important scientific advances and highlight impacts of harmful algae in a world of fast changes and complex interactions.

**For further details visit the conference website:**

(<https://www.icha2018.com/>)

**email:** [info@icha2018.com](mailto:info@icha2018.com)

**23 October 2018**

### **PANG VALLEY FLOOD FORUM MEETING**

**PANGBOURNE VILLAGE HALL, PANGBOURNE, READING**

This is the quarterly meeting of The Pang Valley Flood Forum which was set up in January 2013 as a joint initiative by West Berkshire Council, the Environment Agency and Thames Water. The Forum is run by volunteers working collaboratively to reduce flood risk throughout the communities in the Pang Valley.

**For further details visit the Forum website:**

(<http://www.floodalleviation.uk/>)

**email:** [pangvalleyfloodforum@gmail.com](mailto:pangvalleyfloodforum@gmail.com)

**23 - 25 October 2018**

### **WETEX 2018**

**DUBAI, UAE**

WETEX is organised by Dubai Electricity and Water Authority (DEWA). The exhibition has become a key platform that brings together exhibitors, visitors, experts, specialists, decision makers, and investors interested in the water, energy, and environment. WETEX hosts a series of seminars with free access for all attendees of the exhibition to learn about new technologies, advances in research, regulatory information and other developments.

**For further details visit the WETEX website:**

(<https://www.wetex.ae/default.aspx>)

**email:** [sales\\_general@wetex.ae](mailto:sales_general@wetex.ae)

**29 October – 2 November 2018**

### **WATER AND HEALTH CONFERENCE: WHERE SCIENCE MEETS POLICY**

**UNIVERSITY OF NORTH CAROLINA, CHAPEL HILL, NORTH CAROLINA, USA**

This conference is organised by The Water Institute at the University of North Carolina. It considers drinking water supply, sanitation, hygiene and water resources in both the developing and developed worlds with a strong public health emphasis.

**Further information will be made available on the UNC**

**website:** (<http://waterinstitute.unc.edu/conferences/>)

**email:** [waterinstitute@unc.edu](mailto:waterinstitute@unc.edu)

**31 October – 2 November 2018**

### **IWA REUSE 2018: REGIONAL IWA REUSE INTERNATIONAL CONFERENCE ON WATER RECLAMATION AND REUSE**

**PHUKET, THAILAND**

This International Water Association Regional Conference on opportunities for water reuse in Southeast Asia will feature topics such as South East Asia megacities and rural regions, high tech and low tech solutions, water reuse, algal blooms, distributed water treatment systems, water and tourism, and water reuse policy and culture in South East Asia.

**For further details visit the IWA or conference website:**

(<http://www.iwa-network.org/events/iwa-regional-conference-on-opportunities-for-water-reuse-in-southeast-asia/>) (<https://iwareusethailand2018.org/>) **email:** Please use the contact form on the conference website.

# **NOVEMBER**

**4 – 8 November 2018**

### **INTERNATIONAL WATER CONFERENCE**

**TALKING STICK RESORT, SCOTTSDALE, ARIZONA, USA**

The IWC is organised by the Engineers' Society of Western Pennsylvania and is dedicated to advancing new developments in the treatment, use and reuse of water for industrial and other engineering purposes.

**Further information will be made available on the**

**ESWP website:** (<https://eswp.com/water/overview/>)

**email:** [eswp@eswp.com](mailto:eswp@eswp.com)

**6 - 9 November 2018**

### **8<sup>TH</sup> GLOBAL FRIEND-WATER CONFERENCE: HYDROLOGICAL PROCESSES AND WATER SECURITY IN A CHANGING WORLD**

**BEIJING, CHINA**

FRIEND-Water (Flow Regime from International Experimental and Network Data), initiated 32 years ago, is an international collaborative network of experts of the UNESCO International Hydrological Programme (UNESCO-IHP) with the aim to generate new understanding on regional hydrology and multi-scale hydrological processes. This conference will encourage multidisciplinary approaches needed to help to understand changes in hydrological processes, hydrological extremes and water resources management, and to explore how society and environment interact.

**For further details visit the conference or IAHS**

**website:** (<http://8thfriendwater.iwhr.org/>)

(<https://iahs.info/uploads/Meetings/8th%20Global%20FRIEND.pdf>) **email:** Ms. Dianyi(Diana) Yan [yandy@iwhr.com](mailto:yandy@iwhr.com)

**13 – 14 November 2018**

### **EUROPEAN BIOSOLIDS & ORGANIC RESOURCES CONFERENCE & EXHIBITION**

**ROYAL ARMOURIES, LEEDS**

This technical sludge event provides practitioners with an annual update on legislative changes; new technologies; best practice and site-experiences with existing technologies and an insight into relevant research in the science and engineering encompassing biosolids and organic resources production and use.

**Further information will be made available on the Aqua**

**Enviro or conference website:** (<https://www.aquaenviro.co.uk/events/conferences/european-biosolids-organic-resources-conference/>) (<http://european-biosolids.com/>)

**email:** [clarehunter@aquaviro.co.uk](mailto:clarehunter@aquaviro.co.uk)

**19 November 2018**

### **WORLD TOILET DAY 2018**

World Toilet Day is organised by UN Water. The campaign will be called 'When nature calls', focusing on the sanitation solutions we can find in nature.

**Further information will be made available on the**

**World Water Day website:**

(<http://www.worldtoiletday.info/>)

**email:** [unwater@un.org](mailto:unwater@un.org)

## 19 – 22 November 2018

### 3<sup>RD</sup> REGIONAL IWA DIFFUSE POLLUTION CONFERENCE: Innovation and Frontier Technology for Water Security and Scarcity

CHIANG MAI, THAILAND

This International Water Association conference focuses on the innovation and technology to handle the water problems for both water security and scarcity. It is concerned with diffuse pollution and the climate change causing the poor quality and will include research presentation and discussion and 3-workshops under the theme "Frontier Technology in Water Crisis Situation".

**For further details visit the IWA or conference website:**

(<http://www.iwa-network.org/events/3rd-regional-iwa-diffuse-pollution-conference/>) (<http://www.iwadp2018.nu.ac.th/>)

**email:** [kunchariyakun.k@gmail.com](mailto:kunchariyakun.k@gmail.com)

## 19 – 23 November 2018

### MICRO 2018: FATE AND IMPACT OF MICROPLASTICS: Knowledge, Actions and Solutions

ARRECIFE, LANZAROTE

This international conference will build upon the work of MICRO 2016. Fate and Impact of Microplastics in Marine Ecosystems: From the Coastline to the Open Sea. It provides an opportunity to share available knowledge, identify new questions and research needs, and develop commitments to operationalise solutions. Topics include: marine ecosystems; freshwater bodies; social change and behaviour; human health; and policy.

**For further details visit the conference website:**

(<https://micro2018.sciencesconf.org/>)

**email:** [biosfera@cabildodelanzarote.com](mailto:biosfera@cabildodelanzarote.com) or [R.C.Thompson@plymouth.ac.uk](mailto:R.C.Thompson@plymouth.ac.uk)

## 20 – 22 November 2018

### GOOD PRACTICE STAKEHOLDER PARTICIPATION: With a Focus on the Environment

NR EAST BRABOURNE, KENT

This Dialogue Matters training course will help participants understand the principles of stakeholder participation and train them in practical facilitation skills and process design.

**For further details visit the CMS or Dialogue Matters**

**website:** (<http://www.cmscoms.com/?p=12434>)

(<http://www.dialoguematters.co.uk/>)

**email:** [training@dialoguematters.co.uk](mailto:training@dialoguematters.co.uk)

## 21 – 22 November 2018

### WWEM 2018: 8<sup>TH</sup> INTERNATIONAL CONFERENCE AND EXHIBITION ON WATER, WASTEWATER & ENVIRONMENTAL MONITORING

TELFORD

WWEM is a specialised biennial event focused on measurement, testing and analysis for the water and wastewater and environmental industry. There will be a conference and exhibition and also workshops on case studies, problem solving, new technologies and new applications.

**Further information will be made available on the**

**WWEM website:** (<http://www.wwem.uk.com/>)

**email:** [info@wwem.uk.com](mailto:info@wwem.uk.com)

## 27 – 30 November 2018

### INDUSTRIAL WATER 2018

FRANKFURT AM MAIN, GERMANY

The Industrial Water conference and exhibition is organised by DECHEMA and supported by IWA. It will consider today's challenges in industrial water management and how new strategies, developments and technologies can make industrial water use more efficient.

**For further details visit the IWA or DECHEMA website:**

(<http://www.iwa-network.org/events/pretreatment-industrial-water-supported/>) (<http://dechema.de/en/industrialwater.html>)

**email:** [diaz@dechema.de](mailto:diaz@dechema.de)

## DECEMBER

### 3 – 5 December 2018

### BALLAST WATER MANAGEMENT TECHNOLOGY CONFERENCE 2018

LONDON

In this BWMTech conference ballast water industry professionals came together to untangle the international ballast regulation web, discuss successful system installations and create resilient ballast water treatment strategies.

**Further information will be made available on the**

**conference website:** (<https://maritime.knect365.com/ballast-water-management-technology/>) **email:** [maritime@knect365.com](mailto:maritime@knect365.com)

### 6 December 2018

### NEXT STEPS FOR REDUCING PLASTIC WASTE: Innovation, Incentives and Options for Policy

LONDON

This Westminster Energy, Environment & Transport Forum Keynote Seminar will focus on Government plans for reducing the amount of plastic waste in the UK. It will consider key themes emerging from the government consultation assessing the viability of tax incentives to tackle the use of single-use plastics, and takes place in the context of the Government's 25 Year Environment Plan, aiming to eliminate plastic waste by 2042.

**For further details visit the Westminster Energy, Environment & Transport Forum website:**

(<http://www.westminsterforumprojects.co.uk/conference/reducing-plastic-waste>)

**email:** [info@forumsupport.co.uk](mailto:info@forumsupport.co.uk)

### 10 – 12 December 2018

### 6<sup>TH</sup> IWA REGIONAL CONFERENCE ON MEMBRANE TECHNOLOGY

VADODARA, GUJARAT STATE, INDIA

This event is being jointly organised under the aegis of International Water Association (IWA) by Indian Membrane Society, The Maharaja Sayajirao University of Baroda & Indian Institute of Chemical Engineers. This conference aims to advance the knowledge and share experiences on membrane technology for water and wastewater treatment.

**For further details visit the IWA or conference website:**

(<http://www.iwa-network.org/events/the-6th-iwa-regional-conference-on-membrane-technology/>) (<http://www.iwa-rmtc2018.in/>)

**email:** [membrane2010@gmail.com](mailto:membrane2010@gmail.com)

**10 – 14 December 2018**

**FISH PASSAGE 2018: INTERNATIONAL CONFERENCE ON RIVER CONNECTIVITY: Incorporating the 1<sup>st</sup> International Symposium on Hydropower and Fish Management**

**ALBURY, NEW SOUTH WALES, AUSTRALIA**

Fish Passage 2018 will be of interest to researchers, educators, practitioners, funders, and regulators who have an interest in advancements in technical fishways, nature-like fishways, stream restoration and stabilization, dam removal, environmental flows and fish responses.

**For further details visit the IWA or DECHEMA website:** (<https://fishpassage.umass.edu/>)  
**email:** Ruby Hatfield [RH@asnevents.net.au](mailto:RH@asnevents.net.au)

**2019**

**JANUARY**

**10 – 11 January 2019**

**ICWWTP 2019: 21<sup>ST</sup> INTERNATIONAL CONFERENCE ON WATER AND WASTEWATER TREATMENT PLANTS**

**SINGAPORE**

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides a platform for researchers, practitioners and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Water and Wastewater Treatment Plants.

**Further information will be made available on the WASET website:** (<https://waset.org/conference/2019/01/singapore/ICWWTP>) **email:** [info@waset.org](mailto:info@waset.org)

**13 – 16 January 2019**

**IWA EFFICIENT 2019: Water Efficiency - Driving Sustainable Development**

**MANILA, PHILIPPINES**

The 10th biennial IWA Efficient Conference is brought together by the International Water Association Specialist Group for Efficient Urban Water Management. It will gather urban water and wastewater professionals to reflect on shared challenges and promote efficient solutions. A simultaneous exhibition will feature some of the most innovative technologies from around the world.

**Further information will be made available on the conference website:** (<https://efficient2019.org/>)  
**email:** [contactus@efficient2019.org](mailto:contactus@efficient2019.org)

**14 - 17 January 2019**

**INTERNATIONAL WATER SUMMIT 2019**

**ABU DHABI NATIONAL EXHIBITION CENTRE, ABU DHABI, UNITED ARAB EMIRATES**

This conference is part of Abu Dhabi Sustainability Week 2019. It is a global platform for promoting water sustainability in arid regions.

**Further information will be made available on the conference website:** (<https://www.internationalwatersummit.com/>)  
**email:** [naji.haddad@reedexpo.ae](mailto:naji.haddad@reedexpo.ae)

**FEBRUARY**

**27 - 28 February 2019**

**FLOODEX UK 2019**

**PETERBOROUGH ARENA, PETERBOROUGH**

FLOODEX UK is organised in partnership with ADA and is the trade event for flood defence and the water level management sector looking at flood defence, prevention, mitigation and drainage. It will include two new events - a Sustainable Drainage Conference, and IRRIGEX, the event for the UK irrigation industry.

**Further information will be made available on the FLOODEX or ADA website:** (<http://www.floodex.co.uk/>) (<https://www.ada.org.uk/events/floodex/>)  
**email:** [info@floodex.co.uk](mailto:info@floodex.co.uk)

**MARCH**

**26 – 27 March 2019**

**FUTURE OF UTILITIES SUMMIT 2019**

**LONDON**

This conference for the energy and water sectors is organised by Marketforce Business Media Ltd. It provides a valuable opportunity to bring together leaders from across sectors to discuss new ideas, key issues and major changes that utilities are facing.

**Further information will be made available on the Marketforce website:** (<https://new.marketforce.eu.com/future-of-utilities/event/utilities-summit/>) **email:** [enquiries@marketforce.eu.com](mailto:enquiries@marketforce.eu.com)

**MAY**

**7 – 9 May 2019**

**WATER RESOURCES MANAGEMENT 2019: 10<sup>th</sup> International Conference on Sustainable Water Resources Management**

**ALICANTE, SPAIN**

This conference is organised by the Wessex Institute and the University of Alicante. It will present recent technological and scientific developments, associated with the management of surface and sub-surface water resources.

**Further information will be made available on the Wessex Institute website:** (<http://www.wessex.ac.uk/conferences/2019/water-resources-management-2019>)  
**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

## 8 - 10 May 2019

### RIVER BASIN MANAGEMENT 2019: 10<sup>th</sup> International Conference on River Basin Management Including all Aspects of Hydrology, Ecology, Environmental Management, Flood Plains and Wetlands

**ALICANTE, SPAIN**

River Basin Management 2019 is organised by the Wessex Institute and the University of Alicante. It is the 10th conference in the series which marks the growing international interest in the planning, design and management of river basin systems. The aim is to bring together practitioners and researchers in academia and industry in the hope that their interaction will foster mutual understanding and lead to better solutions for river basins.

**Further information will be made available on the Wessex Institute website:**

(<http://www.wessex.ac.uk/conferences/2019/river-basin-management-2019>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

## 19 - 23 May 2019

### WORLD ENVIRONMENTAL & WATER RESOURCES CONGRESS 2019

**PITTSBURGH, PA, USA**

This congress is organised by the American Society of Civil Engineers (ASCE). It will include short courses, technical sessions and networking opportunities for environmental and water resources professionals.

**Further information will be made available on the ASCE**

**website:** (<https://www.asce.org/templates/conferences-events-event-detail.aspx?id=24017>)

**email:** Please use the contact form on the above website.

## JUNE

## 16 - 20 June 2019

### 12<sup>TH</sup> IWA INTERNATIONAL CONFERENCE ON WATER RECLAMATION AND REUSE

**BERLIN, GERMANY**

This conference is hosted by DECHEMA, supported by DWA, and will address a range of topics related to water reclamation and reuse. The event brings together experts from research and development, solution providers and application.

**Further information will be made available on the conference website:**

(<http://dechema.de/en/iwareuse2019.html>)

**email:** [matthias.neumann@dechema.de](mailto:matthias.neumann@dechema.de)

## 23 - 27 June 2019

### 9<sup>TH</sup> IWA INTERNATIONAL YOUNG WATER PROFESSIONALS CONFERENCE

**TORONTO, CANADA**

The International Young Water Professionals Conference brings together 300 water, environment and related young professionals from across the globe. It will include networking opportunities, technical sessions, discussion workshops, professional development sessions and a career fair.

**Further information will be made available on the IWA**

**website:** (<https://iwa-youngwaterprofessionals.org/>)

**email:** [IWAYWPconference@iwahq.org](mailto:IWAYWPconference@iwahq.org)

## SEPTEMBER

## 1 - 6 September 2019

### 38<sup>TH</sup> IAHR WORLD CONGRESS: Water: Connecting the World

**PANAMA CITY, PANAMA**

This International Association for Hydro-Environment Engineering and Research (IAHR) congress will provide a platform for science and practice to meet. It will focus on hydraulic structures, ports and coastal engineering, hydro-environment, water management and hydro-informatics, river and sediment management and climate change and extreme events. It will include technical visits to Panama Canal and the Panama Bay Sanitation Project.

**Further information will be made available on the IAHR website:** (<http://iahrworldcongress.org/>)

(<http://iahrworldcongress.org/wp-content/uploads/2018/02/brochure.pdf>) **email:** [iahr2019.sec@utp.ac.pa](mailto:iahr2019.sec@utp.ac.pa)

## 10 - 12 September 2019

### MARITIME TRANSPORT 2019: International Conference on Maritime Transport

**ROME, ITALY**

This conference is organised by the Wessex Institute and Sapienza University of Rome and aims to discuss new developments and advanced technologies in a wide variety of topics related to maritime transport including ports and their operation, pollution and the protection of the marine environment, management of coastal regions, and many others.

**Further information will be made available on the Wessex Institute website:**

(<http://www.wessex.ac.uk/conferences/2019/maritime-transport-2019>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

## 11 - 13 September 2019

### COASTAL CITIES 2019: International Conference On Coastal Cities

**ROME, ITALY**

This conference is organised by the Wessex Institute and Sapienza University of Rome. The growth of world population and the preference for living in coastal areas has resulted in their ever-increasing development. This conference aims to consider coastal cities as dynamic complex systems which need energy, water, food and other resources and where integrated management and sustainable development is essential.

**Further information will be made available on the**

**Wessex Institute website:** (<http://www.wessex.ac.uk/conferences/2019/coastal-cities-2019>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

# OCTOBER

**1 – 3 October 2019**

## **SUSTAINABLE CITY 2019: 13<sup>th</sup> International Conference on Urban Regeneration and Sustainability**

### **MALTA**

This conference is organised by the Wessex Institute and will address all aspects of urban environment aiming to provide solutions leading towards sustainability. It will consider the multidisciplinary components of urban planning, the challenges presented by the increasing size of the cities, the amount of resources required and the complexity of modern society.

**Further information will be made available on the Wessex Institute website:**

(<http://www.wessex.ac.uk/conferences/2019/sustainable-city-2019>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

**2 – 4 October 2019**

## **WATER AND SOCIETY 2019: 5<sup>th</sup> International Conference on Water and Society**

### **MALTA**

This conference is organised by the Wessex Institute and will encourage trans-disciplinary communication on issues related to the nature of water, and its use and exploitation by society. It will also cover the more technical aspects of water resources management and quality, to help put forward policies and legislation that will lead to improved solutions for all.

**Further information will be made available on the Wessex Institute website:**

(<http://www.wessex.ac.uk/conferences/2019/water-and-society-2019>)

**email:** Irene Moreno Millan [imoreno@wessex.ac.uk](mailto:imoreno@wessex.ac.uk)

**31 October – 3 November 2019**

## **8<sup>TH</sup> IWA-ASPIRE CONFERENCE & EXHIBITION 2019**

### **HONG KONG**

This International Water Association and Aspire conference will include four parallel sessions centred on themes related to water supplies, wastewater and stormwater management etc. The highlights will be on smart and novel solutions together with green infrastructures for water resilience and global actions required. There will also be networking events and one day of technical visits.

**Further information will be made available on the conference website:** (<http://www.iwaaspire2019.org/>)

**email:** [info@iwaaspire2019.org](mailto:info@iwaaspire2019.org)

# DECEMBER

**12 – 13 December 2019**

## **ICSWRM 2019: 21<sup>ST</sup> INTERNATIONAL CONFERENCE ON SUSTAINABLE WATER RESOURCES MANAGEMENT**

### **ROME, ITALY**

This conference is organised by the World Academy of Science, Engineering and Technology to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results. It provides a forum to present and discuss the most recent innovations, trends, and concerns, practical challenges encountered and the solutions adopted in the field of Sustainable Water Resources Management.

**Further information will be made available on the WASET website:** (<https://waset.org/conference/2019/12/Rome/ICSWRM/home>) **email:** [info@waset.org](mailto:info@waset.org)

# Visit our FWR website

The Foundation for Water Research website has five information areas:

1. Water Supply
2. Wastewater
3. Water Environment
4. FWR Library
5. Catchment Partnership

[www.fwr.org](http://www.fwr.org)

What does the FWR Website provide?

- Access to a free comprehensive website including information notes, technical reports and publications.
- Quarterly FWR Newsletters, and also frequently updated FWR Events Diary and Environmental News Highlights.
- Information about water supply, wastewater, WFD and integrated river basin management, the South Chilterns Catchment Partnership, and water related publications.
